ENGLISH RENDERING OF PM'S ADDRESS IN 52ND EPISODE OF MANN KI BAAT ON 27.01.2019

My Dear Countrymen, Namaskar

On the 21st of this month, our Country received very sad news. Dr. Shri Shri Shri Shiva Kumar Swamiji of District Tumukur, Karnataka was no more. Shiva Kumar Swamiji dedicated his entire life to Social Service. Lord Basaveshwar has taught us, "Kayakave Kailas" meaning discharging one's duties with due diligence and perseverance is akin to being in the abode of Lord Shiva ie Kailasha Dham. Shiva Kumar Swamiji was a true follower of this tenet ... during his life spanning a hundred and eleven years, he strived tirelessly towards the social, educational and economic upliftment of thousands of people. He was renowned to be a masterly scholar of languages such as English, Sanskrit and Kannada. He was a social reformer. He dedicated his life in ensuring that food, shelter, education and spiritual knowledge reached out to people. The welfare of farmers was a priority in his life. The Siddhganga Mutt regularly used to organise cattle and agricultural fairs. I have had the fortunate opportunity to be blessed by Swamiji, many a time. In the year 2007 on the occasion of the Centenary celebration of Sri Sri Shivakumar Swamiji our former President Dr. APJ Abdul Kalam had paid a visit to Tumukur. On this occasion Kalam Saheb had recited a poem dedicated to revered Swamiji.

I quote him **JOBRIYA.COM** "O my Fellow Citizens - In giving, you receive happiness, In Body and Soul- You have everything to give, If you have knowledge - share it, If you have resources - share them with the needy, You, your mind and heart. To remove the pain and suffering, and cheer the sad hearts. In giving, you receive happiness Almighty will bless, all your actions"

Dr. Kalam Saheb's poem portrays the life of Shri Shri Shri Shivakumar Swamiji and the mission of the Siddhganga Mutt beautifully. Once again, I pay tribute to this great man.

My Dear Countrymen,

On the 26th of January, 1950, our Constitution came into being; our Country was proclaimed a Republic. Yesterday, we celebrated Republic Day with pride and fervour. But today I want to speak to you on a totally different aspect. Our Country possesses a very important institution; besides being an integral part of our democracy, it is even older than our Republic - I am referring to our Election Commission. The 25th of January was the Formation Day of the Election Commission, which is celebrated now as the National Voters' Day. The scale at which elections are held in India is a matter of great awe for the World. It is natural for every Citizen to feel proud of the Election Commission of its meticulous organising abilities. Our Country leaves, no stone unturned to ensure that every citizen of India who is a registered voter, rightfully avails of the opportunity to cast his vote.

Whereas we hear of a polling station at 15,000 feet above mean sea level in Himachal Pradesh we also learn about the same being organised in remote islands of the Andaman Nicobar archipelago. And you must have heard about Gujarat ... in a remote place in Gir forest, there is a polling booth for a sole voter. Just imagine ... for that one and only voter! These facts are bound to instil a sense of pride, of the commitment of the Election Commission. Caring for that lone voter, for ensuring that he or she enjoys full opportunity to exercise the right to vote, personnel of Election Commission travel to distant remote places to make necessary arrangements for the voting. This is the beauty of our democracy.

I appreciate the Election Commission for relentlessly striving to ensure the strengthening of our democracy. I hold in high esteem, the Election Commissions of all states, security personnel and other staff members who contribute in ensuring strict adherence to free and fair polling.

This year, our Country will undergo Lok Sabha elections. The first time ever, young persons born in the 21st Century will exercise their Right to Vote in the Lok Sabha Elections. They face the opportunity to shoulder responsibilities pertaining to the Country. They have embarked upon the journey of being partners in Nation building. The time has come for a confluence of individual dreams and the Nation's dream. I urge the young generation to register themselves as voters, if they are eligible. All of us must realise that being a voter, earning the right to vote is an important rite of passage in one's life; it's one of its achievements. Simultaneously, the sentiment that voting is our sacred duty, should grow within us naturally. For any reason, if one is not able to vote, it should pain one. One should be saddened to witness any wrong taking place in the country.

"I had not cast my vote ... that day I did not go and vote ... and as a result, my Country has borne the brunt ". We have to realise the importance of this responsibility of ours. This must be our leaning; this should be our disposition. This inclination should be ingrained within us like a sanskaar. I urge eminent people of the country to come forward and jointly contribute in campaigning for spreading awareness on voter registration and casting one's vote on the day of polling. I sincerely hope that large numbers of eligible

young people will get themselves registered as voters, thus forging a partnership in the quest to further strengthen our democracy.

My Dear Countrymen,

This great land, India, has given birth to innumerable great men, men whose deeds for the sake of humanity have been extraordinary, truly unforgettable. Our country is 'Bahuratna vasundhara' ... the land of myriad gems. One among them was Netaji Subash Chandra Bose. On the 23rd of January, the country celebrated the birth anniversary of Netaji in an uncommon, special manner. On this occasion I was fortunate to get an opportunity to inaugurate a museum dedicated to heroes who fought in India's freedom struggle. You may be aware of the fact that inside Red Fort, many chambers and structures lay locked & unused for several decades after Independence. Those very chambers have now been turned into exquisite museums. A museum dedicated to Netaji Subhash Chandra Bose and the Indian National Army; Yaad-e-Jalian, reminiscences of Jalianwala Bagh and 1857 - India's first war of Independence constitute the premises of 'Kranti Mandir', that has been dedicated to the nation. Every inch, every brick of these museums is redolent with the fragrance of our glorious history. Tales of valour of the heroes of our freedom struggle emanating from every nook & corner of these museums inspire us to delve deeper into our history. This was the very site where three heroic sons of Mother India - Col. Prem Sehgal, Col. Gurbaksh Singh Dhillon and Major General Shahnawaz Khan had to face a trial under British Rule.

On my visit to Kranti Mandir, Red Fort, as I was reflecting on memories of Netaji, his family members gifted me a special cap. There was a time when Netaji used to wear it. I dedicated that cap to the museum itself, for visitors to see and be inspired with the spirit of patriotism. The fact is, stories of the valour and patriotism of our heroes should be told and re-told to our newer generations in ways more than one. Just a month ago, on the 30th of December, I had gone to Andaman & Nicobar islands. At an event, our tricolour was unfurled at the very site where Netaji Subhash Bose had unfurled it exactly 75 years ago. In a similar manner, when the tricolour was hoisted at the Red Fort in October 2018, it surprised everyone, since conventionally, this is done on the 15th of August. The occasion was

the completion of 75 years of the formation of the Azad Hind Government. Subhash Babu will always be remembered as a brave soldier and adept organiser; a valiant fighter who played a significant role in our Freedom Struggle. Through his clarion calls 'Dilli Chalo', 'Tum mujhe Khoon do, main tumhe azadi doonga', Netaji secured a special place in every Indian's heart. That files associated with Netaji be declassified has been a long standing demand for years. And I am happy that we could manage to do the same. I remember the day when Netaji's family paid a visit to the Prime Minister's residence. We dwelt at length on myriad facets of Netaji Subhash Bose, offering him tributes.

It gladdens me to see many places associated with illustrious sons of India being developed in Delhi. Be it 26, Alipur Road, associated with Babasaheb Ambedkar, or the Sardar Patel museum or the Kranti Mandir! Whenever you come to Delhi, you must pay a visit to these places.

My dear countrymen, today as we refer to Netaji Subhash Chandra Bose, that too in 'Mann Ki Baat', I would like to share with you an incident from Netaji's life. I have always considered Radio as an effective means of connecting with people. Similarly, Netaji shared a deep bond with the medium of Radio and he chose this very medium to converse with countrymen.

In 1942, Subhash Babu established Azad Hind Radio and through it he used to communicate with soldiers of the Indian National Army and other countrymen. Subhash Babu had a distinct style of opening a broadcast. In the opening he would begin with, "This is Subhash Chandra Bose speaking to you over the Azad Hind Radio...". These words instantly stirred up listeners with a rush of a new energy, a new fervour.

I am told this radio station also used to broadcast weekly news bulletins in English, Hindi, Tamil, Bangla, Marathi, Punjabi, Pashto & Urdu languages. In managing the affairs of this radio station, a resident of Gujarat M.R. Vyas ji played a vital role. Programmes broadcast over Azad Hind Radio were very popular amongst the populace. Their programmes were a major source of inspiration & strength to our freedom fighters.

In this very Kranti Mandir, a visual arts museum has been established. India's art & culture has been portrayed here in a very attractive way. The museum has 4 historical exhibitions which display more than 450 paintings and artworks which are of three centuries vintage. Exquisite works of great artists such as Amrita Shergill, Raja Ravi Verma, Avanimdranath Tagore, Gaganendranath Tagore, Nandalal Bose, Jamini Roy, Sailoz Mukherjee have been exhibited. And I also specially request you to visit the place and see for yourself the works of Gurudev Rabindranath Tagore ji.

Now you must be thinking that we are discussing art and here I'm

talking about seeing Gurudev Tagore's excellent works of art. You have probably known Gurudev Rabindranath Tagore till date as a writer and a musician. But I would like to tell you that Gurudev was also a painter. He had painted upon many themes. He did paintings of many animals and birds, he also painted many landscapes, and not only that he also tried to depict many human characters by etching them on canvas. And the most unique aspect was that Gurudev Tagore did not ascribe any name to most of his works. He believed that the person seeing his painting should comprehend the painting in totality, from his own perspective, understand the message imparted by him in the particular painting. His paintings have been on display in European countries, in Russia and in America. I hope you will go and see his paintings in the 'Kranti Mandir.'

My dear countrymen, India is a land of saints. Our saints have conveyed the message of goodwill, equality and social empowerment through their thoughts and deeds. One such Saint was - Sant Ravidas. On 19th February we will observe Ravidas Jayanti. The couplets or 'dohas' of Sant Ravidas ji are very well-known. Sant Ravidas used to convey a profound message through the few lines of his couplet or 'doha.' He had said

“जाति-जाति में जाति है,
जो केतन के पात,
रैदास मनुष ना जुड़ सके
जब तक जाति न जात”

Which would translate something like this that if you were to peel the stem of the banana tree, there appear leaves underneath which form the psuedostem, one can go peeling the leaves forming the stem till there isn't any tree left at all ! Similarly man has been divided into castes and the human in him has disappeared. Sant Ravidas proposed that if God was present in every human being, then it was not fair to categorize him on the basis of caste, creed and other sociological demarcations.

Guru Ravidas ji was born in the holy city of Varanasi. Sant Ravidas ji tried to explain the importance of labour and the worker throughout his life via his messages. It would not be wrong to say that he has illustrated to the entire world the real meaning of dignity of labour. He would say-

“मन चंगा तो कड़ौती में गंगा”

That is, if your heart is pure, then the Absolute master resides within your heart. Sant Ravidas ji has influenced people cutting across every segment and class of the social milieu whether it was the Maharana of Chittor or his Queen or Meerabai, everyone was his follower were followers. I once again bow in reverence to Sant Ravidas ji.

My dear countrymen, Kiran Sidar has written on MyGov that I should highlight the aspects of India's space program and its future. He also wants me to request the students to take interest in the space programs and

KHELO INDIA : TURNING INDIA INTO A SPORTING NATION

JobRiya.com

Vidhanshu Kumar

There is no less than a sporting revolution sweeping the country: While most of the Indian sports fans were quite rightly celebrating Indian cricket team's resounding wins in Australia and New Zealand in the month of January, another event in sports was held in Pune which could have far reaching effects for Indian sports. The Khelo India Youth Games 2019 were declared open on the 9th of January for the 12-day long extravaganza.

The opening ceremony was held in the presence of a number of seasoned athletes like two-time Olympic medal winner Sushil Kumar. The game was declared open as Union Sports Minister Rajyavardhan Singh Rathore and Maharashtra chief minister Devendra Fadnavis received the virtual torch. The sports minister Rathore led the athletes in taking the pledge as the ceremonial opening of the games.

Prime Minister Narendra Modi also sent motivational message on the inauguration in which he stressed on the theme of '# Khelo 5 minutes aur'.

The PM reiterated that in today's world everyone needs to embrace sports and they need to work towards achieving a healthy lifestyle.

This is the second edition of the Khelo India Games, previous year it was organized as Khelo India School Games which has evolved into Khelo India Youth Games this year. This actually is a very ambitious project under the vision of PM Modi and led by Union Sports Minister Rajyavardhan Singh Rathore who himself is a Olympic medalist.

So what is this games all about?

A Factsheet

India is a youthful country where 65% of population is less than the age of 35 years. If we look at the age group of 15-29 years, 27.5 of our population fall in this bracket. These numbers make India one of the youngest countries in the world.

However when we look at the performance of Indian sports in major games like the Olympics and Asian Games, the medals won doesn't commensurate with the population. Also there is a rise in lifestyle related diseases in the country, one of the big reasons for this being lack of exercise/games/sports.

Thus Khelo India was launched in January 2018 with an aim to promote mass participation in sports. Before 2018, there were a number of sports related schemes like Rajiv Gandhi Khel Abhiyan, Urban Infrastructure scheme and National Sports Talent Search, to name a few prominent ones. All these schemes and programs were being implemented individually, but they are now brought under one head for better implementation.

This single scheme is known

as 'Khelo India'.

In fact these games take inspiration from a similar effort organized by the Gujarat government - known as Khel Mahakumbh.

Larger in stature and of national scope, the Khelo India Games aim to make India a sporting power one day.

The first edition of the Khelo India Games was held in January of 2018 and it was inaugurated by PM Narendra Modi. The Game uniquely took forward the Indian ethos of guru-shishya parampara into the sporting arena.

This year, Shree Shiv Chhatrapati Sports Complex, a sports complex situated in Belawadi, Pune, was the major center for the games.

Objectives of Khelo India

The prime objective of Khelo India is to make India a great and successful sporting country. The game has been brought in to inject a new life in the Indian sports and revive Indian sports culture. This can be only achieved if everyone in India plays at least one game. Thus to ensure mass participation of the public in games, Khelo India program has been launched.

The objectives are as under:

- Mass participation of youth in annual sports competitions through a **structured competition**.
- Identification of talent in the **grass-root** levels.
- Guidance and nurturing** of the talent through existing sports academies and new set up either by the central Government or State Government or in PPP mode.
- Creation of Sports Infrastructure** at lower levels such as the Tehsil, District, State levels and so on.

The game is designed in such a way that it can be implemented across the country. The competition structure covers the entire country, down to the block level.

The competition is organized at 5 age group levels: 6-12, under-18, 18-36, 36-50 and 50 above age groups. The interesting and important point to note here is that it is not the children and the youth alone who are encouraged to participate, competitive programs are also introduced for even people above the age of 50! This truly is a paradigm shift - a change from what has been happening in the country.

I have written this earlier also, but even at the sake of repetition, would like to remind what Kapil Dev once said about how sporting culture can come to India. The great Indian athlete

and world cup winner said that India will be a sporting culture country when the grandparents go out with kids for a run. What he meant was that when all age group people are equally enthusiastic about games and sports, then only true sports culture can be established in the country.

Now by introducing games for all age levels, the Khelo India program has truly led us to be a sporting nation one day. Another idea behind organizing competitions for the age group above 36 is to encourage the adult population to indulge in games and get rid of lifestyle related diseases.

The organizational structure of the Khelo India can be understood by this diagram:

Another important aspect to keep in mind about these schemes is that the competitions are all fully funded by the central government

Sports associations and federations can be involved for conducting the competitions.

While the larger aim is to keep the population involved in games and thus attain physical fitness, another important aim is to drastically increase the medals tall of India in major Games like the Olympics and the Asian Games.

There is prominent talent hunt scheme associated with Khelo India that seeks to identify talent at young age, give them proper scholarships and training so that they are prepared to take on the best of the world when their time comes.

Kheloge Kudoge Banoge Lajawaab - Play sports to excel in life!

One of the common refrains in India homes used to be - Kheloge Kudoge Hoge Kharaab, Padhoge Likhoge Banoge Nawab (If you indulge in sports, you will be spoilt but if you study hard you can become like a king). The Khelo India has turned this dictum upside down with their call for mass participation in sports with this great punchline - **Kheloge Kudoge Banoge Lajawaab - Play sports to excel in life that is play sports to excel in life.**

In the Khelo India Youth Games of 2019, participation was allowed under two categories - (Under 17) and (Under 21). This year saw huge participation as the number almost doubled to 9000 athletes who took part in the games in Pune. The best 1000 young athletes kids are scheduled to receive a scholarship of Rupees 5,00,000 per year for next eight years. This

will help them to prepare for big international events.

The Khelo India Games 2019 was a huge success. It was beamed live Star India while online broadcast was done on Hotstar.

#5MinuteAur

We remember with great enthusiasm the fitness challenge movement that was launched last year. Both the PM and the sports minister posed with fitness photos and videos and urged the citizen to tag others with their own fitness related pictures and videos. This innovative campaign became a raging hit online and was viral for many months. What a campaign like this also did was that it enlightened the people about importance of fitness in life and cajoled them to do their own fitness activities.

A similar campaign was launched this time which was named #5MinuteAur - meaning 'give five more minutes to exercise and sports'.

The official broadcasters of the games and the Ministry of Youth Affairs and Sports urged the citizens of India to go out and play with the use of the hashtag: #5MinuteAur.

The idea behind this campaign was that if every child gives this 5 minute extra into games and sports, this will translate into billions of minutes of extra practice by the our nationals. Slowly this will build the momentum and India can realize its true potential in sporting events by winning a large number of medals.

In the Khelo Indian Youth Games 2019, 18 sports were played. They were

♦ Archery ♦ Athletics ♦ Badminton ♦ Basketball ♦ Boxing ♦ Football ♦ Gymnastics ♦ Hockey ♦ Judo ♦ Kabaddi ♦ Kho-kho ♦ Shooting ♦ Swimming ♦ Table-tennis ♦ Tennis ♦ Volleyball ♦ Weightlifting ♦ Wrestling

Two new games, table tennis and tennis were introduced this year.

More than 900 athletes from 29 states and 7 union territories participated in these games along with 1800 Technical Officials, 1000 volunteers and 1000 personnel who worked behind the scenes.

There was intense competition among states to be on top of the medals tally. This honour went to hosts Maharashtra this time as they bagged a total of 227 medals. Their tally included 85 gold medals, 61 silver medals and 81 bronze medals.

The state that stood second was none other than Haryana with their tally of 178 medals comprising 62 gold, 56 silver and 60 bronze medals.

Delhi came third with a total of 136 medals -48 gold, 37 silver and 51 bronze medals.

When compared with the first Khelo India Games of 2018, we can see that this year Maharashtra toppled Haryana to take the first spot. Delhi maintained its position of third place in the games.

Star performers:

The Khelo India Youth Games 2019 threw up a number of fresh talent and few proven performers too shone brightly. Here are a few players who outshone others:

Bavleen Kaur

After Dipa Karmakar, India is seeing a host of young superstars in gymnastics - Bavleen Kaur from Jammu and Kashmir showed she is also one of the brighter new talents in the country. She won a total of 5 medals that included three gold medals.

Dhanush Srikant

This 16-year-old shooter from Telangana shot a superb 629.7 in the qualification round then shot 248.9 in the final to win gold medal. Despite having hearing disability and having picked the game only two year back, Srikant proved that he can be the one for the future.

Sakshi Rajendra Shitole

He archer from Maharashtra ensured that her state stayed at the top of the medals tally with her gold medal in the event that was held last on the games.

Sakshi defeated West Bengal's Suparna Singh 6-0. She wants to qualify for the Tokyo Olympics and make India proud.

While the above three were fresh talents identified at the Khelo India Games, some others who have won earlier too, also left their mark.

Srihari Nataraj: This 18 year old swept the swimming events with a jaw-dropping 7 gold medals. He bettered the record he set last year.

Jeremy Lalrinnunga

This young athlete from Manipur made 14 national records in weightlifting! He participated in u-17 and u-19 categories and made new records as follows : 6 in snatch, 4 in clean and jerk and 4 overall. Jeremy won 2 medals overall and is looked upon as bright hope for future.

Hope is what the Khelo India Games has brought to Indian society as India treads towards becoming a sporting nation.

INTERIM BUDGET - THE REITERATION AND REFLECTION OF INCLUSIVE DEVELOPMENT

Shree Prakash Sharma

Amid a string of expectations from the common masses, the Union Finance Minister Piyush Goyal, presented the interim budget of 2019 in Parliament. This budget is a milestone in the journey of socio-economic development and growth.

The interim budget is significant in the sense that it has been presented in the Parliament when the country is poised to further its momentum of comprehensive growth and advancement in the 21st century.

Despite provisions of huge expenditure in all the segments the interim budget reiterates the government's commitment to inclusive development. The pro-growth, pro-youth, pro-unorganized-sector - unskilled labourers, pro-farmers, pro-poor, pro-traders and poor-rural-and-urban-segments the interim budget of the country is the reflection of the economy which is well-poised on the path of taking a radical launch of 10 trillion dollar economy of the world in the decades to come.

The government has made major announcements in the

is likely to give benefit to 12 crore small and marginal farmers and their families at the cost of Rs 75,000 crore to the exchequer. Under the scheme Rs 2000 each of three instalments will be transferred directly into the bank accounts of the beneficiaries.

The mega pension scheme for the benefit of the unorganized sector workers has been another historical step in the direction of reducing the economic inequality in the country and establishing an equitable social system. Under the Pradhan Mantri Shram Yogi Mandhan, the government will provide Rs 3000 to those who contribute Rs 100 per month before the retirement. Those workers who join at the age of 18 years will have to contribute only Rs 55 per month and the government will contribute equal share in this pension scheme which will cost Rs 500 crore to the government. This scheme will provide social security to the people who are on the verge of having no regular income and nor the regular employment.

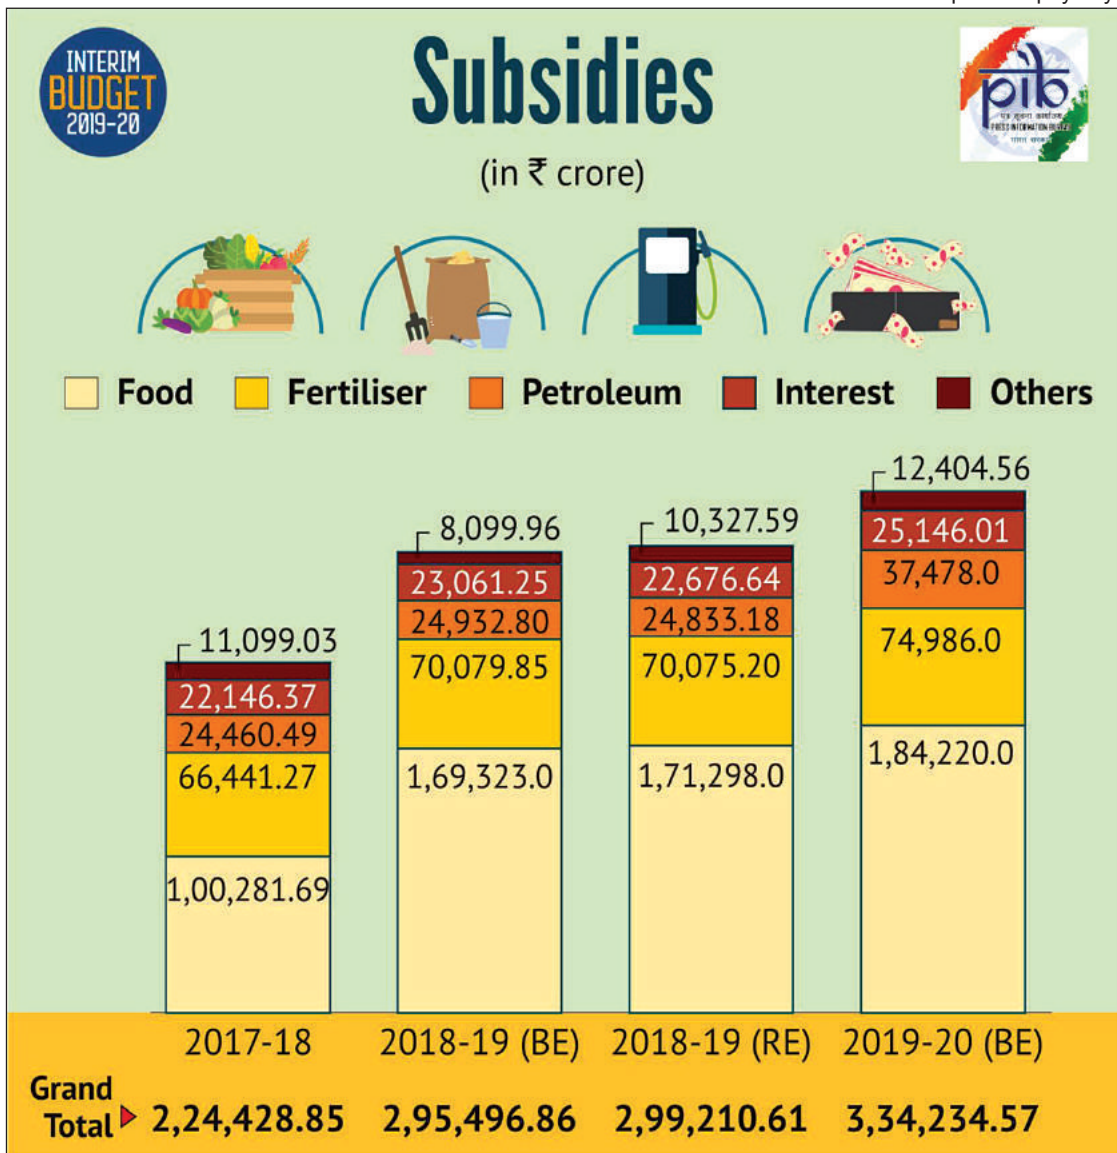

The welfare move under the Pradhan Mantri Shram Yogi Mandhan, will benefit 10 crore

dependence of a country on the external debts. The interim budget proposes to keep the fiscal deficit

budget which are set to significantly bring about the changes in the life style and the standard of living of the people of the lower strata of the society. Farmers, the bread winners of the country, have been offered with the financial support package of transfer of Rs 6000 per year in three instalments under the Pradhan Mantri Kisan Samman Nidhi. This direct financial support would help the families who depend upon the agriculture for their livelihood. Under this scheme, those farmers with less than 2 hectares of the land holding will be benefited. The ambitious and novel plan of the government

unskilled workers in the unorganized sector and which is likely to make a historical record of becoming the world's largest pension scheme in the coming 5 years.

For the middle-income and salaried-class families the government's bonanza of income tax exemption is set to bring about much cheer and relief. Though the tax rates remain unchanged but the Individuals earning annual income of Rs 5 lakh will get the full tax rebate. Earlier this tax rebate limit was only Rs 2.5 lakh for individuals aged below 60 years. Moreover, one more good news is

tax. Standard deduction too has been given a hike of Rs 10,000 and raising it to Rs 50,000 from Rs 40,000.

The Mahatma Gandhi National Rural Employment Guarantee programme, the flagship programme for the Below Poverty Line families in the rural areas of the country, gets an increase in the fund allocation to the tune of Rs 5000 crore and bringing it to the figure of Rs 60,000 crore for the financial year 2019-20.

Opening of 22nd All India Institute of Medical Sciences (AIIMS) in Haryana shows the government's concern about the health care of the common masses. Hike of 21 per cent in the allocation in the fund for the infrastructure facilities in the North-East states will surely accelerate the tempo of development and bring about substantial increase in the employment opportunities and the per capita income of the people.

In the wake of looming threats from the neighbouring nations, the interim budget has huge fund allocation for the defence which crosses Rs three lakh crore. The digital India takes an upward growth trajectory in the interim budget and one lakh more villages are to get digital connectivity. The Make in India scheme of the government too has been given a boost in the interim budget in the form of plan to indigenously develop semi-speed Vande Bharat Express train.

Checking the Fiscal deficit of a country is reckoned as the parameter of development of a nation. Because it measures among other things the

at 3.4 per cent of the GDP. The budget of a country lays the agenda of comprehensive development of a country and from this perspective the major announcements in the interim budget are sure to help realize the dreams of the common masses.

MANN KI BAAT...

Continued from page 3

to think out of the box and inspire them to go beyond the frontiers of the sky- Kiran ji, I appreciate your thoughts and especially the message being imparted to our children.

A few days ago, I was in Ahmedabad, where I got the privilege of unveiling the statue of Dr. Vikram Sarabhai. Dr. Vikram Sarabhai has had an important role in India's space program. Our space program has been possible due to innumerable young scientists of the country. We take pride in the fact that the satellites developed by our students and Sounding Rockets have reached space. On 24th January 'KALAM SAT' fashioned by our students had been launched. The Sounding Rockets made by Odisha university students have also created many records. The number of successful space missions attempted since the country's independence till 2014 have been equal to those successfully completed in the past four years. We have also created a world record for launching 104 satellites simultaneously from the same spacecraft. We will soon register India's presence on the moon through the Chandrayaan-2 campaign.

Our country is also using Space Technology in devices employed in saving assets and life. Whether it is cyclone, or rail and road safety, all of these safety measures are being augmented by Space Technology. Among our fishermen, NAVIC devices are being distributed, which contribute in their economic development as well as ensure their safety. We are using Space Technology to improve delivery and accountability of government services. "Housing for all" or the "House for everyone" scheme involves geo-tagging of about 40 lakh homes spread over 23 states. Along with this scheme, about thirty and a half million properties under MNREGA have also been tagged. Today our satellites are a symbol of the country's growing might. It has contributed a great deal in fostering better relations with many countries of the world. South Asia Satellites has been a unique initiative, which has also gifted hues of development to our neighbouring Allies. Through its highly competitive launch services, India today not only propels satellites of developing countries but also those of developed nations. The sky and stars have always enthralled children. Our Space Program provides an impetus to the children to think big and reach across those boundaries, which were considered impossible till today. It is a vision to inspire the children to discover new stars, while gazing at them!

My dear countrymen, I always say, those who play, also bloom and this time, many young players making their debut have bloomed in 'Khelo-India'. In January about 6,000 players participated in 18 disciplines in the Khelo India Youth Games held in Pune. Only when the local ecosystem of our sports will be strong i.e. only when our base will be strong, then only our youth will be able to perform their best in the country and across the world. When the player performs

his best at the local level, only then, he also shines globally. This time in 'Khelo India', participants from every state have performed well at their individual level. The life of many a medal winner is also immensely inspiring.

I was reading that young Akash Gorkha who won a silver medal in boxing had his father, Ramesh Ji working as a watchman in a complex in Pune. They live in a parking shed with their family. The captain of Maharashtra Under-21 Women's Kabaddi team, Sonali Helvi is from Satara. She lost her father at a very young age, and her brother and mother encouraged the talent and skills of Sonali.

It is often seen that girls are not encouraged much to participate in sports such as Kabaddi. In spite of the hurdles, Sonali not only chose Kabaddi but excelled in this discipline. 10-year-old Abhinav Shaw hailing from Asansol is the youngest gold medalist in the Khelo India Games. A farmer's daughter, Akshaya Basavani Kamat, from Karnataka won a gold medal in weightlifting. She credited her victory to her father, a farmer in Belgaum. When we talk about the creation of a New India, then determination exhibited by our youth is the veritable example of what is New India! These inspiring stories from the annals of 'Khelo India,' are ample proof, that the building of New India does not only involve contribution from the denizens of big cities but also from the youth, children, young sports talents, hailing from small cities, towns and villages.

My dear countrymen, you must have heard about many a prestigious beauty contest. But have you heard about the 'Shining Toilet' contest? Over the past month, more than 50 lakh toilets have participated in this unique contest. The name of this unique contest is "Clean beautiful Toilet". People are making their toilets clean and colourful, by having them painted and other renovations, you will find lots of photos of such toilets participating in the "Clean beautiful Toilet" contest spread from Kanya Kumari to Kutchh till Kamrup on social media. I appeal to all the Sarpanchs and village heads to take a lead in this campaign in their respective Panchayats. And do share your "clean beautiful toilet" photos with me on #MyLzzatGhar on social media.

Friends together, on October 2, 2014, we had embarked on a memorable journey together to clean our country and to get rid of open defecation. Due to the unequivocal support from the people of India, today India is moving towards liberation from defecation in the open much prior to October 2, 2019, so that we may pay our homage to Bapu on his 150th birth anniversary.

In this memorable journey of clean India, listeners have also contributed a lot to the 'Mann Ki Baat' forum and that is why I'm happy to share the fact that more than five lakh fifty thousand villages and 600 districts have declared themselves free of open defecation and sanitation coverage has crossed 98% limit in rural India whereas latrines have been provided to nearly nine crore households.

My younger friends, the days of examinations are approaching. Anshul Sharma, resident of Himachal Pradesh has written on

PM interacts with students, teachers and parents at "Pariksha Pe Charcha 2.0"

The Prime Minister, Shri Narendra Modi interacted with students, teachers and parents, ON January 29, 2019, as part of Pariksha Pe Charcha 2.0 at Talkatora Stadium, New Delhi. The interaction, which lasted for over ninety minutes, saw students, teachers and parents relax, laugh, and repeatedly applaud the Prime Minister's observations, which included a touch of humour and wit.

This year, students from across the country, and also Indian students residing abroad, participated in the event.

Setting the tone for the interaction, he described the Pariksha Pe Charcha Townhall as a mini-India. He said it also symbolizes the future of India. He expressed happiness that parents and teachers too are part of this programme.

A teacher asked the Prime Minister about what teachers should tell parents who are stressed about the exams of their children, and have unrealistic expectations. A student preparing for the UPSC examination also asked a similar question. In response, the Prime Minister said that while he would not advise anyone to stay completely unaffected by an examination, it is important to understand the context of the examination. Is an examination, an exam for life, or is it an exam for a particular grade like Class 10 or 12, he asked the gathering. He said that once this context is understood, the stress will reduce.

The Prime Minister emphasized that parents should not expect their children to fulfil their own unfulfilled dreams. Every child has his or her own potential and strengths, and it is important to understand these positives of every child, he noted.

The Prime Minister also said that expectations are essential. We cannot live in an atmosphere of despair and unhappiness, he asserted. Answering a set of questions on stress of parents, and parental pressure, the Prime Minister said that the performance of children cannot become a calling card for the parents. He said that if that becomes the aim, then expectations become unrealistic. He said that some people have the view that Modi has raised expectations as Prime Minister. He added that he is of the view that 1.25 billion Indians should have 1.25 billion aspirations. Those aspirations should also be expressed, and we should collectively raise our abilities to meet those aspirations, he added.

A parent expressed an apprehension that her son was once good in studies, but is now distracted by online games. In response, the Prime Minister said that he does not believe that exposure to technology is, per se, bad for students. He believes that is good that students are getting acquainted with new technology. However, he added that technology should lead to an expansion of the mind. It should be a means to innovate. The PlayStation is good, but one must not forget the playing field, he added.

In response to a question on time management and exhaustion, the Prime Minister said that 1.25 billion Indians are all his family. He said that when one thinks and works for his family, how can he feel tired? He said that each new day, he resumes his work with a new energy. Students asked the Prime Minister how studies could be made more fun, and how exams could improve one's personality. The Prime Minister said that it is important to take tests and exams in the right spirit. He said tests make a person stronger, and one should not abhor them. Students sought the Prime Minister's advice on subject and career choices. They also said that every student has different strengths, so how can each student be expected to be good in maths and science. In response, the Prime Minister said that clarity of thought and conviction are essential. Yes, science and maths are essential but there are other subjects too worth exploring, he added. There are opportunities in so many areas now, the Prime Minister said.

A student recalled last year's town hall interaction on the same subject, and said that her parents have become a lot more relaxed when it comes to subjects like exams and career. He said that positive attitude of the parents can contribute in a big way to the lives of children. Students spoke to the Prime Minister about the need to encourage children. In response, he said that competition should not be with others, but with one's own record. He said that when one competes with one's own past record, then pessimism and negativity can easily be defeated. Students also mentioned the need to further improve education systems and ensure that exams are not only reduced to rote learning but also showcase what students have learnt.

In response, the Prime Minister said that our learning cannot be reduced to exams only. Our education must equip us to face various challenges of life as well, he added. Speaking on the subject of depression, the Prime Minister said that in a nation like ours, this issue is worrying. He said Indian culture has mechanisms to deal with this. The more we talk openly about aspects relating to depression and mental health, the better it is, he added.

He said that a person does not get depressed all of a sudden. There are signs that show a person is heading into depression. Ignoring these signs is not a good idea. On the contrary, we must talk about this, the Prime Minister said. He said that counselling can be helpful because it helps one talk about one's problems.

PM Modi during Pariksha Pe Charcha 2.0, 29th January 2019

MyGov that I should talk about examinations and Exam Warriors. Anshul ji, I thank you for raising this issue. Yes, for many families, the first part of the year is Exam Season. Students, their parents and teachers, all are engaged in tasks related to examinations.

I wish all the students, their parents and teachers all the best. I would have liked to discuss this topic at length in 'Mann Ki Baat' of today, but you will be happy to know that just after a gap of two days, on January 29, at 11 am, in the 'Pariksha Pe Charcha' program, I am going to interact with students from all over the country, and this time, along with the students, their parents and

teachers are also going to be part of this program. And this time, students from other countries will also participate. In this 'Pariksha Pe Charcha' program, I will touch upon a lot of things related to all the facets of examinations with my young friends, especially on the topic of stress free exams. I had urged people to send me their inputs and ideas with regard to this programme; and I am very happy that a large number of people are sharing their thoughts on MyGov. Some of these ideas and suggestions I will definitely put in front of you during the Town Hall program. You must also try to become a part of this program and through social media and
