ENVIRONMENTAL ETHICS: ANCIENT INDIAN AND GANDHIAN ALTERNATIVES

Dr. Gautam Choubey

In January 1910, Paris experienced a calamity so grave that it jostled the metropolis out of its self-content stupor and triggered debates on civilisational ideals, urban planning, modern world's obsession with material comforts and the environmental cost of progress. More than the scale of destruction, it was the manner of its unfolding which had stunned the world. The water level in Siene river rose dramatically and the Parisians were caught unawares as they woke up to what is often described as 'the flood of the century.' For a city which had distinguished itself as an emblem of 'progress' in most senses of the word, this was a wake up call which changed the way people thought about development and urbanisation. Reacting to the events Gandhi observed:

Nature works unceasingly according to her own laws, but man violates them constantly. In different ways and at different times, Nature tells man that there is nothing in the world which is not subject to change. This river in Paris rose in such

Mahatma Gandhi planting a tree outside Kingsley hall, the day before his departure from London on December 3 1931.

a heavy flood that huge buildings were washed off...The people of Paris had built the city to last for ever. Nature has given a warning that even whole of Paris may be destroyed.

Since Paris 1910, both episodes of environmental/ industrial calamities as well as ecological degradation has continued unabated. Moreover, each time we are struck with a disaster our,

assessment reports are replete with statistical data on human and commercial cost of calamity, which in turn are quantified as monitory compensations and state interventions aimed at infrastructure reconstruction. Almost each time, we fail to assess, or even factor in environmental cost of such calamities. In modern world's cantankerous swoop towards progress, Gandhi detected a self-destructive impulse. For him, this insatiable pursuit of material prosperity was the bane of modern civilisation. As someone who remained a lifelong votary of rural cottage industry and decentralised administration, Gandhi saw the twin drives towards urbanisation and industrialisation as a worrying civilisational tendency. In his groundbreaking bestseller Small is beautiful: A study of economics as if people mattered (1973), German born British economist E.F Schumacher argues that modern economies and developmental paradigms have committed the grave error of treating nature as an expendable income, and not

GETTING READY FOR UPCOMING CAREER OPPORTUNITIES IN BANKS

Arti S

There are few prestigious careers in the country which are possible with a qualification as simple as graduation. One is Civil Services for which the process is conducted by Union Public Service Commission (UPSC) every year. The other is a career in government owned banks which may be possible by qualifying in the examination conducted by the Institute of Banking Personnel Selection (IBPS). This article is about the latter. Banks in India, particularly the government owned (Public Sector) banks provide an excellent career option to young people, so there is no surprise that more and more young people are drawn towards them for a meaningful and long lasting career. When a small survey was conducted amongst jobseekers to understand why they are keen to join a government bank, the

following points were made most commonly:

- The eligibility norms are simple
- The selection process is completely transparent, democratic and fair
- The selection process is completed in a time bound manner
- The service conditions are well defined with pay, allowances and other benefits to the employees
- There are good opportunities for promotion
- In our social structure working in a bank is considered much prestigious
- Opportunities are available across the country

Few other positive observations were also made. But whatever has been said above should be enough to consider banking as a career for those who possess the required aptitude. The way banks have expanded

their network in the country has few parallels in the world. In July 1969, 14 major banks of the country were nationalised. The next phase of nationalization happened in 1980 when 6 more banks were nationalised. Banks were asked to play a major role in socio-economic development of our nation. Large number of bank branches were opened in villages and in other far-off areas which have been hitherto unrepresented in banking facilities. After merger of Dena Bank and Vijaya Bank in Bank of Baroda, now there are 18 nationalised banks.

Regional Rural Banks came into existence through an ordinance issued in the year 1975. This ordinance was replaced by Regional Rural Banks Act in 1976. After reorganization now there are about 55 RRBs in the country.

Since a large number of people work in these (public

sector/regional rural) banks, there is regular turnover of employees. A number of employees superannuate, many get promoted to higher positions and few move to other organizations. To fill the gap so caused, these banks have to recruit fresh people periodically and therein lies the opportunity for our young friends who want to have a career in banking.

Basically banks have three levels of employment for freshers-subordinate staff, clerks and officers. There are very limited vacancies for subordinates' position and selection doesn't take place on all India basis. So, in this article we're going to cover the selection process for general banking officers and clerks only. A major segment of these employees in banks, directly attend to customer requirements. A smaller

BIMSTEC AND ITS IMPORTANCE

Zafri Mudasser Nofil

BIMSTEC, a grouping of seven countries led by India, is gradually emerging as an alternative regional engagement platform.

The Bay of Bengal Initiative for Multi-Sectoral Technical and Economic Cooperation or the BIMSTEC has Bangladesh, India, Myanmar, Sri Lanka, Thailand, Nepal and Bhutan as its member states. Founded in 1997, BIMSTEC acts as a bridge between South Asia and South East Asia and represents over 1.5 billion people - nearly 21 per cent of the world population - and has a combined gross domestic product (GDP) of USD 3.5 trillion (approx Rs 240 lakh crore).

India is keen to enhance regional cooperation under BIMSTEC as SAARC has not been able to achieve its goals completely. The decision to invite BIMSTEC leaders for Prime Minister Narendra Modi's swearing-in ceremony on May 30, 2019 is an indication.

Bangladesh President Abdul Hamid, Sri Lankan President Maithripala Sirisena, Myanmar President U Win Myint, Bhutanese Prime Minister Lotay Tshering, Nepal's Prime Minister K P Sharma Oli and Special Envoy of Thailand, Minister Grisada Boonrach, were present when Narendra Modi took oath for the second consecutive term as Prime Minister.

Interestingly, in 2014, Prime Minister Narendra Modi, in a major initiative to reach out to the neighbourhood, had invited all SAARC leaders, including the then Pakistan Prime Minister Nawaz Sharif for his swearing-in ceremony.

Nawaz Sharif's attendance had raised hopes of better Indo-Pak ties. The two leaders also met several times. However, the

ties nosedived again after the September 2016 terror attack on an Indian Army camp in Uri in Jammu and Kashmir.

Of late, India has been maintaining that it was difficult to proceed with the SAARC initiative under current circumstances, particularly due to Pakistan's continuing support to cross-border terrorism.

The last SAARC (South Asian Association of Regional Cooperation) Summit was held in 2014 in Kathmandu, which was attended by Narendra Modi.

The 2016 SAARC Summit was to be held in Islamabad. But after the Uri attack on September 18 that year, India expressed its inability to participate in the summit. www.Jobriya.com

The summit was subsequently called off after Bangladesh, Bhutan and Afghanistan also declined to take part.

BIMSTEC is now seen as an important overlay to the neighbourhood policy.

A few days after taking charge, External Affairs Minister S Jaishankar while speaking at a seminar in New Delhi said that the implementation of developmental projects in neighbouring countries and elsewhere will be one of his key focus areas.

He also said regional connectivity is going to be a key priority for India and BIMSTEC could be a key vehicle for economic prosperity and regional integration.

BIMSTEC, according to him, was witnessing a great deal of

positive energy and so it was decided to leverage that and invite the leaders of the nations of this grouping to the swearing-in ceremony of the new government.

Jaishankar said there was enormous scope for improving India's record in implementation of projects and that he is planning to personally monitor status of various key projects to ensure their speedy implementation.

Noting that South Asia was among the least interconnected regions in the world, he said India will look towards BIMSTEC to spur growth in the region.

The importance India attaches to BIMSTEC can also be gauged by the first official trips undertaken by Prime Minister Narendra Modi and External Affairs Minister Jaishankar after assuming office. While Modi visited the Maldives and Sri Lanka, Jaishankar went to Bhutan.

BIMSTEC has identified 14 priority areas where a member country takes lead. India is lead country for Transport & Communication, Tourism, Environment & Disaster Management and Counter Terrorism & Transnational Crime.

The South Asian Association of Regional Cooperation (SAARC) was created in 1985 as an expression of the region's collective decision to evolve a regional cooperative framework. The eight member countries in SAARC are Afghanistan, Bangladesh, Bhutan, India, Nepal, Maldives, Pakistan and Sri Lanka. It also has nine Observers - China, EU, Iran, Republic of Korea, Australia, Japan, Mauritius, Myanmar and the USA.

In January 2018, the government had informed the Lok Sabha that SAARC has been unable to achieve its potential as key initiatives, including in the important area of connectivity, are held back due to lack of response or obstructionist approach of Pakistan.

Though India did not participate in the Islamabad Summit, it has been taking various initiatives including asymmetrical responsibilities for enhancing regional cooperation

under SAARC.

India launched the South Asia Satellite, a first of its kind initiative, in May 2017. The project has wide ranging applications in health, education, disaster response, weather forecasting and communications.

About BIMSTEC

BIMSTEC is a regional organisation comprising seven member states lying in the littoral and adjacent areas of the Bay of Bengal constituting a contiguous regional unity.

This sub-regional organisation came into being on June 6, 1997 through the Bangkok Declaration. Initially, the economic bloc was formed with four member states - 'BIST-EC' (Bangladesh, India, Sri Lanka and Thailand Economic Cooperation).

Following the inclusion of Myanmar on December 22, 1997 at a special ministerial meeting in Bangkok, the group was renamed 'BIMST-EC' (Bangladesh, India, Myanmar, Sri Lanka and Thailand Economic Cooperation).

With the admission of Nepal and Bhutan at the 6th ministerial meeting (February 2004, Thailand), the name of the grouping was changed to 'Bay of Bengal Initiative for Multi-Sectoral Technical and Economic Cooperation' (BIMSTEC).

The regional group constitutes a bridge between South and South East Asia and represents a reinforcement of relations among these countries. BIMSTEC has also established a platform for intra-regional cooperation between SAARC and ASEAN members.

The objective of such an alliance was to harness shared and accelerated growth through mutual cooperation in different areas of common interests by mitigating the onslaught of globalisation and by utilising regional resources and geographical advantages.

BIMSTEC is a sector-driven cooperative organisation, unlike many other regional groupings. Starting with six sectors- trade, technology, energy, transport, tourism and fisheries - for sectoral cooperation, it expanded to embrace nine more sectors - agriculture, public health, poverty alleviation, counter-terrorism, environment, culture, people to people contact and climate change - in 2008.

The grouping functions according to the founding principles of BIMSTEC as laid down in the Bangkok Declaration and directions given by the leaders of the member states.

The founding principles of BIMSTEC are:

- * Cooperation within BIMSTEC will be based on respect for the principle of sovereign equality, territorial integrity, political independence, non-interference in internal affairs, peaceful co-existence and mutual benefit.

- * Cooperation within BIMSTEC will constitute an addition to and not be a substitute for bilateral, regional or multilateral cooperation involving the member states.

The chairmanship of BIMSTEC rotates among the member states. Currently, Sri Lanka is the chair of BIMSTEC. The first chair was Bangladesh while India has headed it twice (2000, 2006-2008).

BIMSTEC meets regularly at different levels. Each type of meeting is tasked with unique responsibilities, but is closely interrelated to one another. The country holding the chairmanship of BIMSTEC is responsible for the conduct of regular meetings, including the BIMSTEC Summit, ministerial meeting, senior officials' meeting and BIMSTEC working group meeting.

The BIMSTEC Summit is responsible for the highest policy making decisions in the BIMSTEC process. According to norms, the summit should be held every two years, as possible. The first summit was held in Bangkok in 2004 while the last summit - the fourth in order - was held in Kathmandu in 2018.

Ministerial meetings cover the area of foreign affairs and the area of trade and economic affairs. While the foreign ministerial meetings act as prime mover determining the overall policy, as well as recommendations for the leaders' summit, trade and economic ministerial meeting monitors the progress in the trade and investment sector as well as FTA policy.

At the fourth BIMSTEC Summit in Kathmandu in 2018, the member countries among other decision affirmed their solemn commitment to making the Bay of Bengal Region peaceful, prosperous and sustainable by building on common strengths through collective efforts.

They recognised that eradication of poverty is the greatest regional challenge in realisation of development objectives and committed to work together for the implementation of the Agenda

UNDERSTANDING BASICS OF ENVIRONMENT - III

Shreya Bhattacharya

www.Jobriya.com

In this article, we will discuss about Biodiversity, one of the most important concepts of Environment. Biodiversity is a shortened form of two words 'biological' and 'diversity'. It refers to all the variety of life that can be found on Earth (plants, animals, fungi and micro-organisms) as well as to the communities that they form and the habitats in which they live. It is often understood in terms of the wide variety of plants, animals and micro-organisms, the genes they contain and the ecosystem they form. The United Nations Conference on Environment and Development, which was held in 1992 in Rio de Janeiro, defined "biodiversity" as

"The variability among living organisms from all sources, including, 'inter alia', terrestrial, marine, and other aquatic ecosystems, and the ecological complexes of which they are part: this includes diversity within species, between species and of ecosystems."

Biodiversity plays a very important role in the lives of people all over the world, serving as a source of food, medicines and many other materials needed to sustain human life. It is considered as three major levels:

1. Genetic Diversity: It can be defined as "the variation in the amount of genetic information within and among individuals of a population, a species, an assemblage, or a community." Genetic Diversity within a population refers to the variation in the amount of genetic information within and among individuals of a population, a species, an assemblage, or a community. Genetic diversity is significant as more is the genetic diversity in a population, the more likely that one of those genes will prove helpful in the face of threats such as climate change or a new disease. This diversity is related to the ability of a species to adapt to a changing environment. Genetic diversity also drives natural selection. According to English naturalist Charles Darwin (1809-1882) in his theory of evolution, species whose genes adapt best to the environment they find themselves in are more likely to survive. They will leave more offspring and the next generation will have more individuals with that particular genetic makeup. Genetic diversity has given rise to 1.7 million known species around the world, most of which are insects. The genetic diversity of a particular habitat depends upon the nature of the environment, including factors such as climate and availability of food and other natural resources.

2. Species Biodiversity: Species diversity reflects the magnitude of biological diversity in a specific ecological community. It represents species richness or the number of species found in an ecological community, the abundance or number of individuals per species, and the distribution or evenness of species. It also indicates health of specific ecosystems. A diverse and balanced number of species exist in a healthy ecosystem and maintain the equilibrium of the ecosystem. An ecosystem with poor species diversity may not function properly or efficiently. It is important to know about keystone species and invasive species.

a) Keystone species: Keystone species are those which have very high impact on a particular ecosystem relative to its population. They are defined as, "a strongly interacting species whose top-down effect on species diversity and competition is large relative to its biomass dominance within a functional group." They play an important role, both in maintaining species diversity and the health of an ecosystem. A keystone species have been often a dominant predator whose removal allows a prey population to explode and often decreases overall diversity. The term has become popular in conservation efforts. For example, Cullenia trees are keystone species in south western ghat in India.

b) Invasive Alien Species: An alien species is a species introduced outside its natural past or present distribution; if this species becomes problematic, it is termed an invasive alien species. They are the most common threat to amphibians, reptiles and mammals that are on the IUCN Red List. They may lead to changes in the structure and composition of ecosystems detrimentally affecting ecosystem services, human economy and wellbeing. Invasive species don't allow local species to grow and wildlife to move through. For example, invasive alien species like Lantana grows rapidly and create a mat-like structure leading to degradation and destruction of the biodiversity. As a result, herbivores like Gaur, Chital and Sambar are deprived of their food. This also affects the survival of carnivores such as tigers and panthers, interlinked to the ecological equilibrium.

3) Ecosystem Diversity: Ecosystems are the smallest unit of a living system which is functionally independent. They have four main elements - biotic, abiotic, interactions of energy flows, and a physical space in which to operate. Ecosystem diversity is the variety of different ecosystems within an area. An area with three different ecosystems (say tundra, temperate grasslands, and temperate forests) has greater ecosystem diversity than the same size area with only two ecosystems (say temperate grasslands and forests).

Major Threats to Biodiversity

Biodiversity is under serious threat as a result of anthropogenic activities. The negative impacts of human actions have become so great that we are losing biodiversity more quickly now than at any other time in earth's recent history. According to latest studies, more than 36 percent of 47,000 species are threatened with extinction. Scientists have claimed that because of the current rate of biodiversity loss the earth is currently experiencing a sixth major extinction event, one greater than that which resulted in the extinction of the dinosaurs. The past extinction events were caused by natural disasters and planetary changes; however, this one is being driven by human actions. Human activities have become main threats to biodiversity in the form of population growth, climate change, global warming, habitat loss, urbanisation, invasive alien species, over-exploitation of natural resources, industrialisation and environmental degradation. Here is the list of main threats to biodiversity and their causes:

Main threats	Some underlying causes
Threats in terrestrial areas	
Degradation, destruction and fragmentation of natural habitats	Spread of the urbanised areas, road network and industrial areas and associated problems (noise, pollution); abandon of former agricultural practices that were favourable to biodiversity
Decrease in the capacity of the agricultural areas to host wildlife	Intensification of agricultural practices (yielding pollution and disturbance) and disappearance of landscape elements that provide food and shelter that are exploitable by wildlife (such as hedges, trees, ponds, etc.)
Pollution of soils, air and water	Excess of heavy metals (industry, roads), manure and pesticides (agriculture) and other pollutants
Invasions by alien species	International trade and transport (roads, railways, rivers), gardening practices, exotic trees in forestry, exotic pests released in the wild, climate change, etc.
Epidemics affecting wildlife	Arrivals of pathogens that are favoured by the introduction of exotic species, pollution and the destruction of habitats
Climate change	Carbon emissions, deforestation and other land use changes due to human activities
Dessication of soils and wetlands	Excess pumping of under ground water tables
Recreation and leisure	Overuse of green open spaces and wild areas, little respect for nature, mountain biking and motor sports in fragile areas, dogs not on leash
Threats in marine areas	
Overfishing and decline of species	Industrial fishing, overexploitation of target species, by-catch species
Pollution and eutrophication	Land-based activities (river run-off), atmospheric deposition, maritime traffic
Degradation and destruction of the sea floor	Beam trawling, dredging, sand and gravel extraction
Alien species introductions	Maritime trade (ballast waters, fouling), leisure navigation, mariculture, climate change
Leisure and tourism	Coastal development, water quality in summer (high population), mechanical beach cleaning, noise and other perturbations due to the high population

(Source: www.biodiv.be)

Convention on Biological Diversity

A major step forward in the conservation of biological diversity, the sustainable use of its components, and the fair and equitable sharing of benefits arising from the use of genetic resources, is the Convention on Biological Diversity, or CBD. It is an international agreement adopted at the United Nations Conference on Environment and Development, or the Earth Summit, in Rio de Janeiro, in 1992. The Convention entered into force on 29 December 1993. It showed the world community's growing commitment to sustainable development. It has three main objectives: a) to conserve biological diversity

b) to use its components in a sustainable way and

c) to share fairly and equitably the benefits arising from the use of genetic resources.

Cartagena Protocol

The Cartagena Protocol on Biosafety to the Convention on Biological Diversity is an international treaty governing the movements of living modified organisms (LMOs) resulting from modern biotechnology from one country to another. It was adopted on 29 January 2000 as a supplementary agreement to the Convention on Biological Diversity and entered into force on 11 September 2003. The objective of this Protocol is to contribute to ensuring an adequate level of protection in the field of the safe transfer, handling and use of living modified organisms resulting from modern biotechnology that may have adverse effects on the conservation and sustainable use of biological diversity, taking also into account risks to human health, and specifically focusing on transboundary movements.

Nagoya Protocol on Access and Benefit-sharing

The Nagoya Protocol on Access to Genetic Resources and the Fair and Equitable Sharing of Benefits Arising from their Utilization to the Convention on Biological Diversity is an international agreement which aims at sharing the benefits arising from the utilization of genetic resources in a fair and equitable way. It was adopted on 29 October 2010 in Nagoya, Japan, and entered into force on 12 October 2014. It provides a transparent legal framework for the effective implementation of one of the three objectives of the CBD: the fair and equitable sharing of benefits arising out of the utilisation of genetic resources. The Nagoya Protocol applies to genetic resources that are covered by the CBD, and to the benefits arising from their utilisation. The Nagoya Protocol also covers traditional knowledge associated with genetic resources that are covered by the CBD and the benefits arising from its utilisation.

Enclosure 1 to OI/c ATS letter No. AT/01/5030/RTG dated Jun 19

Apprentices Training School, Naval Ship Repair Yard Naval Base Kochi 682004

ENROLMENT FOR APPRENTICESHIP TRAINING IN DESIGNATED TRADES

1. The Naval Ship Repair Yard, Kochi invites applications from ITI qualified candidates (male/female) in various designated trades for enrolment into Apprenticeship Training at Naval Ship Repair Yard under Apprenticeship Act 1961 read in conjunction with Apprenticeship Rules 1992. A total of 172 vacancies as per trade distribution shown below are to be filled up: -

ONE YEAR TRAINING

SL. NO.	APPRENTICESHIP TRAINING TRADE	VACANCIES
a	Electrician	13
b	Electronic Mechanic	17
c	Machinist	09
d	Turner	07
e	Welder (Gas & Electrical)	10
f	Painter (General)	08
g	Electroplater	05
h	Mechanic Motor Vehicle	02
j	Mechanic Refrigeration & Air Conditioning (MRAC)	08
k	Fitter	18
l	Computer Operation of Programming Assistant	13
m	Shipwright (Wood) / Carpenter	12
n	Sheet Metal Worker(SMW)	08
o	Diesel Mechanic	16
p	Tailor (General)	04
q	Cutting and Sewing Machine Operator	04
r	Mechanic Instrument (Aircraft)	06
s	Electrician (Aircraft)	06
t	Mechanic Radio and Radar Aircraft	06
	Total	172

2. Reservation of Vacancies:

(a) **SC/ST and OBC:** Vacancies for SC 1:10 and for ST 1:100 are in accordance with Sl. 13 of Schedule-IIA (See Rule 5) of Ministry of Skill Development and Entrepreneurship Notification dated 16 Jun 15.

(b) **For Physically Handicapped:** 3% of vacancies for Apprenticeship training reserved vide Para III chapter II of the Apprentices Act 1961.

3. Eligibility Conditions:

(a) **Qualifications:** Matric / Std X with a minimum of 50% marks & ITI Examination (Provisional National Trade Certificate acceptable) in relevant Trade with aggregate 65% marks.

(b) **Age:** The upper age limit is 21 years as on 01 Oct 2019. Upper age is relaxable by five years for SC/ST candidates as per MOD Letter No. FM/0442/NHQ/1278 D(N-II) dated 14 Nov 1996 and three years for OBCs vide Sl. 4 of G.I., Dept. of Per. & Trg., O.M. No. 36012/22/93-Estt. (SCT), dated 22-10-1993.

(c) **Minimum Physical Standards:** Height 150 cms, Weight not less than 45 Kgs, Chest expansion not less than 5 cms, Eye sight 6/6 to 6/9 (6/9 corrected with glasses), Ears clear of wax, External & Internal organs to be normal in accordance with The Apprentices Act 1961 and the rules framed vide letter No. FM/0442/NHQ/1278/D(N-II) GOI, MOD dated 14 Nov 1996.

(d) **Previous Training:** Candidates who have already under gone or are currently undergoing Apprenticeship under Apprenticeship Act – 1961 in any Govt./Public Sector/Private Industrial Organization are not eligible.

4. **Stipend:** Monthly Stipend as per prescribed rates will be paid as per extant government rules and regulations.

5. **Selection procedure:** Preliminary selection will be made on the basis of marks obtained in Matric & ITI Examination. Candidates in the Preliminary Merit list will be called for **written test and oral exam by call letters**. Qualified candidates in written and oral examination will be issued Medical Examination Forms (MEF) and Police Clearance Certificate (PCC) for completion and submitting back as per scheduled date to Apprentice Training School, Naval Ship Repair Yard, Kochi. On receipt of MEF & PCC before the scheduled date, a merit list will be prepared and accordingly joining letters will be forwarded to the selected candidates to report to NSRY(K) on 15 Oct 19 for commencement of the training.

6. **Commencement of Training: 15 Oct 19.**

7. **Travel Expenses:** No travel expenses are admissible for candidates called for written/oral Examination.

8. **Boarding/Lodging:** Candidates called for written / interview examinations are to arrange their own boarding and lodging. No Accommodation will be provided to candidates by the Naval Ship Repair Yard, Kochi during the entire selection Process.

9. **Application:** To be forwarded as per format given below, by **GENERAL POST ONLY** and addressed only to **Admiral Superintendent (for Officer-in-Charge, Apprentices Training School), Naval Ship Repair Yard, Naval Base, Kochi – 682004, so as to reach latest by 23 Jul 19.**

10. The applications should be accompanied by:

- Passport Size Candidates Photos (06 Copies)
- Attested copy of SSC/Matriculation Marks Sheet and proof of date of birth
- Attested copy of ITI Marks Sheet
- Attested copy of Community certificate (for SC/ST/OBC only)
- Attested copy of Certificates of Physical Disability (if applicable)
- Certificate, if son/daughter of Armed Forces personnel/Ex-Serviceman (as applicable)
- Certificate, if son/daughter of Defence Civilian/Dockyard Employees (as applicable)
- Copy of Character certificate signed by Gazetted Officer
- Attested copy of PAN and Aadhar Card of candidates (Compulsory)

11. **Employment:** As per Apprenticeship Act-1961, it shall not be obligatory for Naval Ship Repair Yard, Kochi to employ Apprentice on completion of the training. Recruitment is undertaken as per Recruitment Rules promulgated by the Govt. of India.

12. **Incomplete/erroneous applications will be rejected:** Applications received after due date and incomplete applications will be rejected and no further correspondence in this regard will be entertained.

NOTE: ALL APPLICATIONS TO BE SENT BY GENERAL POST ONLY

Recruitment of Doctors in SAIL

SAIL, a Maharatna CPSE, is a major Steel Maker of the Nation with an Annual Turnover of Rs.66,267 Crore (FY 2018-19). To man the critical frontline positions in medical discipline at its Steel Plants/Units & Mines across India, SAIL requires 129 young, energetic, result-oriented & promising talent to join as **Medical Officer (54 posts)/Medical Officer (OHS) (16 posts) in E-1 grade and Medical Specialist in E-3 grade (59 posts)**. The discipline wise breakup for the post of Medical Specialist in E-3 grade is as follows :

Discipline	No. of Posts (E-3 grade)	Discipline	No. of Posts (E-3 grade)
Gynaecology & Obstetrician	5	Anaesthesia	3
Paediatrics	4	Psychiatry	2
Orthopaedics	6	Blood Bank	1
General Medicine	10	Pulmonary Medicine	1
Surgery	7	Biochemistry	1
ENT	3	Ophthalmology	5
Skin & VD	1	Plastic Surgery	1
Radiology	4	Microbiology	3
Pathology	2		
Total: 59 posts			

The candidates desirous of taking up a career with SAIL as Medical Officer/Medical Officer (OHS) in E-1 grade will be required to appear for an Online Examination. Based on their performance in the Online Examination, the candidates will be short-listed for appearing in Personal Interview. The selection for the post will be based on overall performance in the Online Examination and Interview. For the post of Medical Specialist in E-3 grade, the eligible candidates will be selected on the basis of their performance in the Interview.

ELIGIBILITY :

UPPERAGE LIMIT :

Medical Officer/Medical Officer (OHS) (E-1 grade)	Medical Specialist (E-3 grade)
30 years as on 26.06.2019, i.e. not born earlier than 26.06.1989	37 years as on 26.06.2019, i.e. not born earlier than 26.06.1982

MINIMUM QUALIFICATION AND EXPERIENCE :

Medical Officer (E-1 grade)	Medical Officer (OHS) (E-1 grade)	Medical Specialist (E-3 grade)
Medical Officer - MBBS from a University / Institute recognized by Medical Council of India with one year post qualification experience.	Medical Officer - MBBS and Degree/Diploma/Certificate in Industrial /Occupational Health from a University / Institute recognized by Medical Council of India with one year post qualification experience.	PG Degree/DNB in relevant discipline from a University / Institute recognized by Medical Council of India with at least three years post qualification experience.

RELAXATIONS :

Relaxation in upper age limit :

SC/ST	OBC (NCL)	PWD	Domiciled in the state of J&K from 1/1/80 to 31/12/89	Departmental Candidates upper age limit
5 years	3 years	10 years for General, 15 years for SC/ST and 13 years for OBC	10 years for General, 15 years for SC/ST and 13 years for OBC	E-1 grade-45 years over and above the corresponding upper age limit.

It may be noted that the posts under PWD are open for Orthopedically Disabled candidates (OA/OL) only.

RESERVATIONS :

Posts for SC/ST/OBC/Physically Disabled categories/EWS will be reserved as under :

Grade	UR	OBC	SC	ST	EWS
E-1	30	18	10	5	7
E-3	27	15	8	4	5

For Persons with Disability, 2 posts in E-1 grade and 2 posts in E-3 grade are reserved across the streams on horizontal basis.

The OBC candidates who belong to 'Creamy layer' are not entitled to OBC reservation and such candidates have to indicate their category as General. The OBC (non-creamy layer) candidates are required to submit the requisite certificate issued in the current financial year by the Competent Authority in the prescribed format as applicable for employment under Central Govt. at the time of Interview.

Category (SC/ST/OBC/PWD/EWS) once entered in the online application form will not be allowed to be changed and no benefit of other category will be admissible later on.

MEDICAL STANDARDS : Candidates should be of sound physique, free from any physical defect. Medical standards stipulate minimum requirements of Weight 45 kg; Height 150 cm; Myopia and Hypermetropia, if any, not to exceed ± 8.00 in each eye. Suitable relaxation in height and weight will be given to female candidates.

Note: The medical standards indicated above are minimum pre-requisites. However, appointment of selected candidates will be subject to their passing the Company's Medical Examination as per standards laid down under SAIL's Medical & Health Manual.

SELECTION PROCESS :

i) Medical Officer/Medical Officer(OHS) in E-1 grade :

Eligible candidates will be required to appear for an **Online Examination on 21st July, 2019 (Afternoon)** at any one of the centres at Agartala, Allahabad, Bangalore, Baroda, Bhitai, Bhopal, Bhubaneswar, Bokaro, Chandigarh, Chennai, Dehradun, Delhi(NCR), Durgapur, Guwahati, Hyderabad, Jaipur, Jammu, Kochi, Kolkata, Lucknow, Mumbai, Nagpur, Patna, Ranchi, Rourkela, Salem, Trichy, Vijewada and Visakhapatnam.

The information regarding the test centre will be provided in the Admit Card. No request for change of examination centre will be entertained after final submission of application form. However, SAIL reserves the right to cancel or add any centre depending on the response in that area/centre.

The Online test will be of 90 minutes duration and will be for total 100 marks having two segments : General Awareness Test for 20 marks and Medical content Test of 80 marks. The Medical content test will be based on the medical content of NEET examination for admission in MD course.

To be eligible for Interview call, a candidate belonging to Unreserved or EWS category will have to qualify by scoring minimum 50 percentile score in each of the two segments, viz. General Awareness and Medical Content. For SC/ST/OBC (Non-Creamy Layer)/PWD candidates, the qualifying marks will be 40 percentile score in

each of the two segments. Those who qualify in the Online examination will be shortlisted for Interview in the ratio of 1:3, category-wise, in order of merit. For final selection, the merit list will be drawn, by combining the scores of Online Test and Interview with the weightage of 80:20 in that order. In case two or more candidates are placed on the same cut-off point in the final merit list, the offer letter will be issued to the candidate having higher marks in the Online Examination. In case, there is a tie in the Online test marks also, the candidate with higher marks in eligibility qualification (viz. MBBS) will be selected.

ii) Medical Specialist in E-3 grade :

Eligible candidates will be selected on the basis of their performance in the Interview (100 marks). The minimum qualifying marks in the Interview will be 50% for Unreserved/EWS category and 40% for SC/ST/OBC(Non-Creamy Layer)/PWD category candidates. For final selection, the merit list will be drawn up based on the performance of candidates in the Interview. In case two or more candidates are placed on the same cut-off point in the final merit list, the offer letter will be issued to the candidate having higher marks in eligibility qualification (viz. PG Degree/DNB).

The Interview may be held at short notice for which the call letters will be uploaded on careers page of SAIL website, and candidates will be intimated for the same through their emails. No other communication will be sent to the candidates for this purpose.

BIOMETRIC ATTENDANCE SYSTEM : During the selection process, SAIL may capture photo/thumb impression of the candidates in digital format for Biometric verification of genuineness of the candidates at two/three stages as applicable, i.e. during Online Test, Interview stage and at the time of joining in SAIL. The candidate will ensure that the correct impression is captured at various stages, and any inconsistency will lead to rejection of the candidature. In case of any candidate is found to be not genuine, apart from taking legal actions against him/her, the candidature will be cancelled. As such, the candidates are advised not to apply any external matter like mehndi, ink, chemical, etc. on their hands.

TRAINING & PROBATION : The selected candidates will be placed on training for a period of one year. After successful completion of training, the candidates shall be placed under probation for one year.

EMOLUMENTS : The Medical Officer/Medical Officer(OHS) in E-1 grade will be offered Basic Pay of Rs.20,600/- p.m. in the pay scale of Rs.20600-46500/-. On successful completion of training of one year, they will be placed in the pay scale of Rs. 24900-50500/-.

The Medical Specialists in E-3 grade will be offered Basic Pay of Rs.32,900/- p.m. in the pay scale of Rs.32900-58000/-.

Besides Basic Pay, they will also be paid Dearness Allowance. They will also be entitled for perquisites under cafeteria approach and benefits such as PF, Gratuity and other allowances as per rules of the Company in vogue. **The CTC in E-1 grade would be around Rs. 9 (Nine) lakhs per annum and in E-3 grade would be around Rs.15 lakhs per annum.** In addition, the Company provides benefits like Leave encashment, Housing/HRA and free medical facility for self and dependents as per Company rules. Being direct recruitment on initial basic pay, the Company will not bear any liability on account of Salary/leave salary/pension contribution, notice period pay of previous employment etc. if any.

PLACEMENT : If selected, the candidates can be posted to any Plant/Unit/Mine location of the Company. The candidates will not be allowed to seek/apply for transfer to any other plant/unit/mine location of the Company during the initial four years of service. For departmental candidates, this restriction will be for initial two years of service.

HOW TO APPLY : Eligible and interested candidates would be required to apply online only through Careers page on SAIL's website: www.sail.co.in. **No other means/mode of application will be accepted.** Before applying the candidates should ensure that they fulfil all the eligibility norms. Their registration in SAIL will be provisional as their eligibility will be verified only at the time of Interview. Mere issue of Admit card/interview call letter will not imply acceptance of candidature. Candidature of a registered candidate is liable to be rejected at any stage of the recruitment process or even on joining, if any information provided by the candidate is found to be false or not in conformity with the eligibility criteria at any stage.

Before registering their applications on the website, the candidates should possess the following:

- Valid e-mail ID and mobile number, which should remain valid for atleast one year.
- Candidates should have latest passport-size photograph (jpg or jpeg file only upto 50 Kb) as well as photograph of signatures in digital format (jpg or jpeg file only upto 20 kb) for uploading with the online Application Form.
- Provision to pay application fee of Rs.700/- for General and OBC Candidates or Rs.100/- as processing fee for SC/ST/PWD/EWS/Departmental candidates. Candidates can opt to pay through internet banking account/credit/debit card or through any of the **State Bank Group branches** with system generated Payment Challan form.

The registration process involves following three Steps:

Step 1 : Filling up of Application

- Go to SAIL careers page at www.sail.co.in or www.sailcareers.com.
- Read the Advertisement carefully to be sure about your eligibility
- If eligible, Click on the link **Apply**
- Fill up all the required fields
- Ensure the information provided is correct and then submit.
- Verify your credentials with your registered email ID or mobile number for proceeding further for payment.

Step 2 : Making Payment

- Click on **Make payment** which will take you to SB Collect page of State Bank of India, which has been authorized to collect the application fee/processing charges on behalf of SAIL, in a specially opened SB Collect Account (No.34889119094) at Lodhi Road Branch, New Delhi.
- Fill the Category, Registration No., Name, Father's name, Date of Birth, Registered Email Id and Mobile no. details on the Payment portal. Ensure that the same Email Id and same Mobile No. details are used during the whole registration process.
- Next Screen - All details of the candidate are displayed. Ensure that all the details are filled properly while making payment. Please **check/verify the data on this screen and then proceed to the payment screen.** SAIL or SBI will not be responsible. In case a candidate deposits the fee against a different Registration Number.
- Submit the Payment through Net Banking/Debit Card/Credit Card option or select the option to pay through any State Bank Group Branches with a print out of Payment Challan form generated on Payment portal (having State Bank Collect Reference No. printed on the challan form).
- Candidate will have to bear the bank charges. In addition to the applicable application fee / processing charge.
- In case of payment through challan, Application fees will be accepted only during banking hours upto the closing date of submission of online application. **The SBI branches will accept the fee from 10.00 AM of the starting date to 04.00 PM (01.00 PM if it is Saturday) of the closing date of submission of online application.**

Continued from page 14

- On successful payment, the candidate shall be prompted to print the e-receipt. However, in case of 'challan', there will be an option to print challan. Note down the SB Collect Reference no. as the same would be required during Step 3 i.e. "Final registration" stage of the Registration process.

Step 3 : Final Registration & Printing of Provisional Registration Slip

- Once the payment is made, the State Bank Collect Reference No. and date of payment is required to be entered in the SAIL online application form on Careers website by the candidate to generate the provisional Registration Slip.
- Candidates should retain a photocopy of their e-receipt and Registration Slip as they can be asked to produce them for reference, at any stage of selection process.
- In case a candidate deposits the fee in a wrong account, or doesn't finally submit application form with payment details, application will be rejected as incomplete and SAIL will not be responsible. Candidates need to necessarily fill in the SB Collect Reference number in the system for SAIL & SBI to verify their payment status.
- No request for editing of payment details and issue of Admit card will be entertained in wrong submission cases and candidature will stand rejected.
- After applying online, the candidate is required to download the system generated **Provisional Registration Slip** with unique registration number and other essential details. **Provisional Registration slip needs to be generated only after confirmation of payment from the bank. Therefore candidates should check their payment status before printing the same.**
- The candidates will be provided opportunity to verify their registered candidate status, after three days of making payment on SAIL website.
- Fee once paid will not be refunded under any circumstances. Candidates are therefore requested to verify their eligibility before paying the application/processing fee and to fill in the payment details carefully.

IMPORTANT : All correspondence with candidates shall be done through e-mail/SMS only. All information regarding shortlisting for interview/ call letters etc. shall be provided through email/uploading on SAIL Careers website. Responsibility of receiving, downloading and printing of interview call letter/any other information shall be of the candidate. SAIL will not be responsible for any loss of email sent, due to invalid/wrong email ID provided by the candidate or for delay/non receipt of information if a candidate fails to access his/her mail/website in time. Candidates are not required to send any document to SAIL.**GENERAL INSTRUCTIONS :**

- Only Indian Nationals are eligible to apply.
- The minimum age of employment on regular basis in SAIL is 18 years.
- Candidates possessing full time degree course from University/Institute approved/recognized by Medical Council of India (MCI) will only be eligible to apply.
- The term departmental candidates means those candidates who are currently working with SAIL as permanent employees and not wards of SAIL employees.

- While applying the candidates should enter their full name as it appears in the Matriculation/Secondary certificate.
- Candidates employed in Govt. departments/PSUs/Autonomous Bodies are required to produce NOC at the time of interview. In case of selection, candidates will be required to produce proper discharge certificate from the employer at the time of taking up the appointment.
- The SC/ST/OBC(NCL)/PWD/EWS certificate should be as per the format applicable for employment under Central Government, as available on SAIL website. If the certificate has been issued in a language other than English/Hindi, the candidates will be required to submit a self-certified translated copy of the same either in English or Hindi.
- Candidates may visit the FAQs section on the SAIL website for any queries.
- Candidates should retain their copy of **SAIL Provisional Registration Slip as well as SB Collect Pay in e-receipt** as they can be asked to produce it for future reference.
- The posts advertised are tentative. SAIL reserves the right to cancel/restrict/enlarge/modify/alter the requirements advertised, if need so arise, without issuing any further notice or assigning any reason thereto.
- The candidates applying against this advertisement may be considered for appointment by any of the Subsidiaries/Joint Venture Companies of SAIL. In such case their appointment will be as per the terms and conditions of the respective Subsidiary/Joint Venture Company.
- Action against candidates found guilty of misconduct : Candidates are cautioned that they should not furnish any particulars that are false, tempered/fabricated and they should not suppress any material information while filling up the application form.
- In case it is detected at any stage of recruitment that a candidate does not fulfil the eligibility norms and/or that he/she furnished any incorrect false information or has suppressed any material fact(s), his/her candidature will stand cancelled. If any of these shortcomings is/are detected even after appointment, his/her services are liable to be terminated.
- Decisions of SAIL in all matters regarding eligibility, other tests and selection would be final and binding on all candidates. No representation or correspondence will be entertained in this regard.
- All further announcements/details pertaining to this process will only be published/ provided on SAIL website www.sail.co.in or www.sailcareers.com from time to time. Transparency/ display of individual scorecards will be after one month of declaration of final lists for joining (Tentative).
- Court of jurisdiction for any dispute will be at Delhi.

UGC-DAE Consortium for Scientific Research, Indore
[UGC-DAE CSR]
University Campus, Khandwa Road, Indore-452001 (M.P.) (www.csr.res.in)
[Advertisement No. 02-2019]
INVITING APPLICATIONS FOR CENTRE-DIRECTOR, INDORE CENTRE
UGC-DAE Consortium for Scientific Research (UGC-DAE CSR) is an autonomous institution established by the University Grants Commission (UGC), New Delhi with headquarters at Indore and Centres at Indore, Mumbai and Kolkata. This Consortium also has a Node at Kalpakkam. Each Centre is headed by a Centre-Director.
UGC-DAE CSR invites applications for the post of Centre-Director for its Indore Centre. This post is in the Pay Band Level 14 and carries other allowances as per rules. The gross salary at present at the minimum of the scale is Rs. 1,92,640/- including all allowances.
The UGC-DAE CSR has a mandate to enable university scientists to use the big-science facilities of DAE as

accessible. The CSR has also set up, and continues to set up, various state-of-art experimental research facilities that university scientists are encouraged to use. Indore Centre supports research in the universities and colleges across the nation by providing specialized training and advanced in-house characterization facilities as well as making the mega science facilities like synchrotron source at RRCAT, Indore accessible to them. The Indore Centre of CSR has been operating an angle-integrated PES beamline and soft x-ray absorption (SXAS) beamline on Indus-1 and Indus-2 respectively for many years, and there has been noticeable research output from university users during the period of last five years. Recently, the SXAS beamline is upgraded by installing an XMCD station where the researchers from country can proudly produce XMCD experiments in-house. The Indore Centre has also established state-of-art experimental facilities for various measurements at low-temperatures and high-magnetic-fields that are certainly the best in the country. All these facilities are extensively used by research students from across the country, who receive encouragement and inspiration under the leadership of

the Centre-Director. The scientists in the CSR do research at the forefront, guiding the visiting research students with their expertise. Please visit our website <http://www.csr.res.in> and explore.
The Centre-Director, who will be an expert in condensed matter physics and materials science, will provide general guidance to the scientific activities of the Centre towards the broad mission of enhancing the impact of university research. She/he should be a researcher of high standing and reputation, with journal publications showing a high standard of independent research activities. She/he must have at least 20 years' research experience after obtaining Ph.D., must presently be having a position which is in level 13 or equivalent pay scale, should be an Indian citizen and preferably below 55 years of age [As on 01-July-2019]. The last date for receipt of applications is **10-July-2019**. Persons, who are abroad, may note that requests for in-absentia consideration cannot be honoured. For other details on how to apply, please see our website (www.csr.res.in).

Advertisement No. 1/2019

Ph.D. Fellowships/Junior Research Fellowships (JRF) for NET qualified Non-AYUSH (Non-Medical) Aspirants to pursue Ph.D. in Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homoeopathy

The Central Research Councils function under Ministry of AYUSH, Govt. of India to promote and coordinate research activities in the respective systems of medicine, as indicated below:

- Ayurveda:** Central Council for Research in Ayurvedic Sciences (CCRAS)
- Yoga & Naturopathy:** Central Council for Research in Yoga & Naturopathy (CCRYN)
- Unani:** Central Council for Research in Unani Medicine (CCRUM)
- Siddha:** Central Council for Research in Siddha (CCRS)
- Homoeopathy:** Central Council for Research in Homoeopathy (CCRH)

2. The CCRAS on behalf of the above-mentioned five Central Research Councils invites applications from Non-AYUSH candidates (Non-Medical) who have qualified the concerned National Eligibility Test, namely Joint CSIR-UGC test for **JRF** and **LS** (NET); DBT- JRF in Biotechnology: Bio-technology Eligibility Test(BET); ICAR's AICE-SRF (PGS); and ICMR JRF and willing to undertake research on AYUSH related projects for pursuing Ph.D. programmes in the University/Institution of their choice. The research project shall be in the fields of **Biomedical Sciences** with emphasis on **Life Sciences** such as Microbiology, Physiology, Molecular Biology, Genetics, Human Biology, Bioinformatics, Biotechnology, Immunology, Pharmacology, Zoology, Environment Science, Botany, Veterinary Sciences, and Pharmacy etc.; **Chemical Sciences** such as Biochemistry, Chemistry including Analytical Chemistry, Inorganic Chemistry, Physical Chemistry and Organic Chemistry - Phyto Chemistry, Medicinal Chemistry & Natural Product Chemistry etc.; **Physical Sciences** including Biophysics; **Social Sciences** such as Psychology for Mental Diseases and Sociology for Demographic Survey etc.; and

Biostatistics. Stream-wise no. of fellowships are as under:

Research Council	Stream	No. of fellowship	Website
CCRAS	Ayurveda	16	http://www.ccras.nic.in
CCRYN	Yoga & Naturopathy	04	http://www.ccras.gov.in
CCRUM	Unani	03	http://www.ccrum.res.in
CCRS	Siddha	02	http://www.siddhacouncil.com
CCRH	Homeopathy	05	https://www.ccrhindia.nic.in

Note: The no. of fellowship indicated above are tentative and subject to change.

3. Essential Qualification: Post Graduation in Biomedical Sciences (with emphasis on Life Sciences)/Chemical Sciences/Physical Sciences/Social Sciences/Biostatistics and having a NET Certificate with eligible validity period, as mentioned above.

4. Upper Age Limit: 28 years as on the date of issue of advertisement in the Employment News. This will be relaxable up to 5 years in the case of candidates belonging to Schedule Castes/Schedule Tribes/OBC, Physically Handicapped (lower locomotive disability only) and female applicants.

5. Stipend & Contingency: The fellowship will be provided for pursuing Ph.D. under a recognised University/Institution of choice by the candidates and during their fellowship, they will be termed as **Junior Research Fellows (JRFs) for 2-3 years** extendable as **Senior Research Fellows (SRF) for 2-3 years, total for maximum 5 years.** The monthly emoluments will be Rs. 25,000/- for JRF and Rs.28,000/- for **SRF + House Rent Allowance per month** + annual contingency of Rs.20,000/- to the University/Institution (likely to increase as per DST norms, if approved). In addition, the fellow may submit a project proposal to obtain one time Research Contingency Grant-in-Aid up to Rs. 01.00 lakh within 3 months of joining the fellowship subject to approval of the concerned Research Council.

6. How to apply: The interested candidates possessing the above mentioned qualification as on the date of publication of advertisement in the Employment News may apply to the concerned research councils directly in the prescribed application form (Annexure- I of the AYUSH Ph.D. Fellowship Scheme. 2018) for the respective streams of their interest (Ayurveda/Yoga & Naturopathy/Unani/Siddha/Homoeopathy). Candidates interested to apply in more than one stream of AYUSH are required to apply separately to respective councils. **The Application Form (Annexure-I) and Fellowship Scheme are available on the given websites of Research Councils and Ministry of AYUSH-<http://ayush.gov.in>.** Only the shortlisted candidates will be informed and called for interview by the respective Councils. The applicants are advised to visit these websites regularly for updates.

7 Last date for submission of Application Form: Up to Two Months (60 days) from the date of advertisement in the Employment News.

CSIR - NATIONAL ENVIRONMENTAL ENGINEERING RESEARCH INSTITUTE

NEHRU MARG, NAGPUR - 440 020 ▪ Website: <http://www.neeri.res.in>

NOTIFICATION No. PA/May-2019

Empanelment of Project Assistants/JRF/SRF under externally funded/sponsored project(s)

Applications are invited for empanelment of Project Assistants/JRF/SRF at various levels under the externally funded/sponsored project(s) and other Projects. Area wise panels will be prepared in the following areas / disciplines for their selection in various Projects as per the needs of the Projects:-

Application Fees ₹ 500/- (including GST 18%) in the form of DD, the draft should be drawn in favor of Director, NEERI, Nagpur, payable at Nagpur.

As per guidelines, details of requirements like qualification, age, stipend etc. are given below:

Designation	Qualifications	Age Limit	Stipend per month* (Consolidated) May vary as per Project norms
(1)	(2)	(3)	(4)
Project Assistant Level - I	B.Sc./BCA/Diploma in Engg. or Equivalent with 55% marks for candidates of General Category & 50% marks for candidates of SC/ST Category.	28 years	₹ 15,000/- p.m. plus HRA as applicable
Project Assistant Level - II	M.Sc./MCA/B.E./B.Tech./M.A. (MLS/MSW/Social Sciences) or Equivalent with minimum 55% marks for General Category & 50% marks for SC/ST Category.	30 years	₹ 25,000/- p.m. plus HRA as applicable
Project Assistant Level - III	M.Sc./MCA/B.E./M.E./M.Tech./M.A. (MLS/MSW/Social Sciences) or Equivalent with minimum 55% marks for General Category & 50% marks for SC/ST Category plus two years' experience in the relevant area/discipline.	35 years	₹ 28,000/- p.m. plus HRA as applicable
JRF (Project)	M.E./M.Tech./M.Sc./B.E./B.Tech. with NET/GATE qualification (CSIR/UGC/ICAR) or Equivalent with minimum 55% marks for General Category & 50% marks for SC/ST Category.	28 years	₹ 25,000/-* p.m. plus HRA as applicable
SRF (Project)	M.Sc./B.E./B.Tech./M.Tech. with NET/GATE qualification (CSIR/UGC/ICAR) or Equivalent with minimum 55% marks for General Category & 50% marks for SC/ST Category plus two years' experience in the relevant area/discipline.	32 years	₹ 28,000/-* p.m. plus HRA as applicable

* In an exception to above stipends, Project Staff to be engaged on Grant-in-Aid projects funded by Government departments, such as DST, DBT, DAE etc., will be paid stipend and other benefits as approved by the Funding Agencies.

Age Relaxation: The upper age limit for PA Level-I/II/III and JRF/SRF shall be as indicated in the above Column No. 3, which is relaxed upto 5 years in case of candidates belonging to SC/ST/OBC/PH and female applicants.

The engagement is purely on a temporary and contract basis under the externally funded/sponsored/other projects undertaken by CSIR-NEERI which may be extended or curtailed depending on the status/duration of the project, satisfactory performance/conduct of the Project Assistants/JRF/SRF. Their placement under externally funded/sponsored projects will be co-terminus with the project duration. Maximum duration in one project or in different projects taken together in CSIR shall not be more than five years in any case.

The prescribed essential qualifications are the minimum and should be in the area mentioned as above. Mere possession of the same does not entitle candidates to be called for interview/test. The duly constituted Screening Committee will adopt its own criteria for short-listing the candidates. The candidate should, therefore, mention in the application all the qualifications and experience in the relevant area over and above the minimum prescribed qualification, supported with documents and ensure that all details are complete and accurate.

www.Jobriya.com

The names of short-listed candidates will be informed by email/phone. The cut-off date for the maximum age limit will be the date of application. Short-listed candidates are required to appear before the **Assessment and Recruitment Committee for Project (ARCP)** for a personal interview and / or test at NEERI, Nagpur. **No TA will be admissible for appearing at the interview/test.** The candidates have to bring printed (duly signed by candidates) application form supported by self-attested copies of documents in support of date of birth, educational qualifications and experience, etc. (originals to be brought at the time of interview only). The application sought is not against any vacant position but the purpose is to have a pool of applications. As and when the vacancy arises, candidates who applied will be screened and based on the screening criteria, will be called for interview and final selection will be made against the vacant position. Candidates are advised to check the Institute website (www.neeri.res.in) from time to time for updated information.

The engagement shall be an assignment and not an appointment in CSIR/NEERI, temporary or otherwise. It would, therefore, not confer any right/claim, implicit or explicit on the candidates for regularization/absorption against any post in CSIR-NEERI or under any other scheme of CSIR. However, each candidate is encouraged to improve his/her qualification during the tenure.

All eligible and interested candidates may apply through online application link process. After online submission of form, candidates are requested to take print out of the application form along with demand draft of ₹ 500/- in favor of DIRECTOR, NEERI, Nagpur, payable at Nagpur and submit to Climate Change & Skilling Division (CCSD), CSIR-NEERI, Nagpur - 440020 (M.S.), India, by hand / post. The application fee of ₹ 500/- will be valid for one year and it is non-refundable. Offline applications are not acceptable.

No interim inquiries will be entertained in this regard.

No. P-21013/01/2019-LPG

Government of India

Ministry of Petroleum & Natural Gas

Shastri Bhawan, New Delhi

Subject : Filling up of the post of Executive Director in the Petroleum Conservation Research Association (PCRA), New Delhi.

It is proposed to fill up the post of Executive Director in the Petroleum Conservation Research Association (PCRA), New Delhi on deputation basis, initially for a period of three years which is extendable by two more years.

2. PCRA is a Society registered under the provision of the Societies Registration Act, 1860. Secretary, Ministry of Petroleum and Natural Gas is the ex-officio Chairman of the Society and also the Chairman of the Governing Body. The scale and perquisites of ED, PCRA are normally that of an Executive Director in a Schedule-I Public Sector Undertaking. However, in the case of a Group-A All-India Service Officer/Group-A Central Service Officer appointed to the post, it would be operated in the scale of pay of Joint Secretary to the Government of India. The Executive Director is primarily responsible for the execution of the programs and the activities of PCRA, subject to control of the Governing Body and under the guidance of the Executive Committee.

Eligibility Criteria for the post of ED, PCRA :

(i) Educational Qualification :

Essential Qualification : Graduate in Engineering or Science.

Desirable Qualification : Doctorate or any other higher qualification in Engineering or Science subject or in energy management and conservation. Also, any academic qualification in mass communication or journalism would be added advantage.

Provided that, in case it is decided to fill up the post by appointing a Government Officer from All India Services/ any Group-A Central Government Service, the Chairman could relax the criteria under the Essential Qualification in consultation with the Governing Body on a case-to-case basis.

(ii) Professional Experience :

Essential Experience : A minimum experience of 16 years of management in any industry, academic or R&D institution or in Government. Officers holding the post of Joint Secretary or Director or equivalent in Government of India/State Government/Parent Cadre are also eligible to apply. (Cut-off date for experience will be last date of receipt of application.)

Desirable Experience : Five years of experience in any of the fields hereinafter indicated, viz. (a) Oil and Gas Industry, (b) Energy Management, (c) Energy Conservation. Any publications by way of research papers, technical reports or articles in any of these fields, and/or any experience in Mass Communication or media publicity would be an added advantage.

(iii) Age limit : The age of the candidate applying for the post should not be more than 55 years on the last date of submission of the application.

3. The application and requisite documents are to be sent through proper channel (cadre controlling authority in case of Group 'A' officers) along with vigilance clearance to the Secretary, Ministry of Petroleum & Natural Gas and Chairman, PCRA, Room No. 206, 'A'-Wing, Shastri Bhawan, New Delhi-110001.

4. The last date for receipt of applications is 28 days from the date of publication of this advertisement.

NTPC Limited

(A Govt. of India Enterprise)

Regd. Office: NTPC Bhawan, SCOPE Complex, 7, Institutional Area, Lodi Road, New Delhi - 110003

Website : www.ntpc.co.in

Advt. No.-01/19

NTPC Limited, India's largest power conglomerate with an installed capacity of 55,126 MW presently contributing about 1/4th of the country's electricity needs. To commensurate with country's growth challenges, NTPC has embarked upon an ambitious plan to attain a total installed capacity of 130 GW by 2032. NTPC has been allocated 10 coal mine blocks which are expected to produce more than 100 million tons per annum.

To fuel its ambitious growth plan, NTPC is looking for experienced senior professionals for engagement as **Head of Information Technology(IT), Head of Law, Head of Security & Coordination and Head of Mine Safety on fixed term basis for a period of 03 (three) years.** The qualifying requirements are as under:

A. Head of IT (1 post)**Qualification:**

Engineering Degree in Computer Science/Information Technology from recognized Indian University/Institute.

Experience Requirement:

25 years of post-qualification experience in the executive cadre in the relevant area in a Govt./Public Sector Undertaking or private company of repute.

Experience Profile:

Should have knowledge, expertise & rich experience at Senior Management level in following areas:

- IT Security, Cyber Security, ISMS, SAP implementation, networking, database management system, latest web technologies/services, IT governance and compliance.
- Implementation and evaluation of IT systems and their specifications.
- Planning, coordination and management including adaptation of right technologies & systems, deployment of Information Technology for bringing improvements in system & services and continuous enhancement in IT system facilities.
- Implementing enterprise-wide IT projects and controlling IT budget.

Job Profile:

As Head of IT, the incumbent will be leading the IT infrastructure & related services of the organization and will be responsible for implementation of new IT initiatives in the organization. He/ She will be responsible for managing the company's technology operations and for creating and implementing new IT policies and systems. He/ She will have to analyze the business requirements of all the departments to determine the technology needs. He/ She will also have to ensure that the IT systems are effective, updated and functioning within the limits of budget, time and specifications of the company.

B. Head of Law (1 post)**Qualification:**

Full time Degree in Law from recognized Indian University/Institute. Candidates with Post Graduate Degree in Law having specialization in Company Law will have an added advantage.

Experience Requirement:

23 years of post-qualification experience in the executive cadre in the relevant area in a Govt./Public Sector Undertaking or private company of repute. Experience of working in a Solicitor's /Advocate Firm of repute after enrolment with the Bar Council would be an added advantage.

Experience Profile:

Should have knowledge, expertise & rich experience at Senior Management level in following areas:

- Commercial Laws specially in the areas of CPC, Law of Contracts, Evidence, Transfer of Property, Labour and Service Matters, Banking Laws, Arbitration, Land Acquisition, Company Laws, Electricity Regulatory laws, Taxation, etc.
- Compliance with statutory requirements under various applicable laws, liaisoning with counsels, examining legal and commercial issues of contract management and drafting of various agreements (including international) and preventive legal management.
- Drafting of deeds, conveyancing and other security documents is essential.

Job Profile:

As Head of Law, the incumbent will be leading the legal function of the organization and responsible for extending legal services to all the Operational Heads, Business Units and Regions across NTPC. He /She will assist in evaluating joint venture proposal and shall also advise the management on deal structures in mergers and acquisitions. In addition to the compliance with statutory requirements under various laws and drafting of agreements/deeds, he /she shall also monitor changes in legislations, rules, regulations, judicial precedence set by courts etc. and advise the management on their implications.

C. Head of Security & Coordination (1 post)

Qualification: Graduate in any discipline.

Experience Requirement: Minimum 23 years of commissioned service in Indian Police Service/Defence services/Paramilitary Forces and not below the rank of DIG/Brigadier or equivalent in the relevant area.

Job Profile:

Responsible for overall security management in all offices/projects/stations of NTPC. Advise top management periodically in all security related issues and take steps

necessary to formulate a security policy in accordance with Government guidelines. Coordination and liaison with the CISF Headquarters, State/District Police authorities, Intelligence Bureau and other security agencies of the State/District for collection of Information/Intelligence on external/internal threats. Periodic assessment of workforce and equipment related requirements of CISF for its necessity and adequacy and suggest measures periodically for development of the same. Develop SOP for deployment including physical standards, fitness, training, supervision, and additional equipment required for effective functioning of Township Security. Conducting security audit/inspection and taking preventive/corrective measures wherever required. Strengthening the security management system by use of latest technology. Conducting training seminars/programs for security officers to keep them updated with the latest security developments/technology.

D. Head of Mine Safety (1 Post)**Qualification:**

Graduate in Mining Engineering with First Class Mine Manager's Certificate of Competency under Coal Mining Regulations.

Experience Requirement:

23 years of post-qualification experience in the executive cadre in the relevant area in a Govt./Public Sector Undertaking or private company of repute.

Experience Profile:

The applicant must have experience in opencast mining operations and at least 3 years specific experience in mine safety function. Preference will be given to the candidates those who have been associated in ISO functions or as Chief of ISO in Coal Mines.

MONTHLY COMPENSATION:

For Head of Information Technology: Consolidated fixed monthly pay of ₹6, 00,000/-

For Head of Law/Security & Coordination/Mine Safety: Consolidated fixed monthly pay of ₹5, 00,000/-

In addition, medical facilities for self and spouse, HRA/company accommodation and conveyance reimbursement shall be provided on similar terms and conditions as applicable for regular employees. On official tour, company will reimburse boarding and lodging in addition to airfare.

TENURE for all posts: Fixed Term Basis for a period of 3 years

Upper Age Limit for all posts: 55 years.

GENERAL CONDITIONS

1. Only Indian Nationals are eligible to apply.
2. All qualifications should be from Universities / Institutions recognized and approved in India.
3. All computations of age/ experience requirement / qualification shall be done w.r.t. the last date of receipt of online application as mentioned in the advertisement.
4. Candidates claiming to belong to any particular category shall necessarily have OBC/SC/ST/disability certificate, as the case may be, from a Competent Authority.
5. Depending on the requirement, the Company reserves the right to cancel / restrict / curtail / enlarge the number of vacancies, if need so arises, without any further notice and without assigning any reason thereof.
6. While applying for the post, the applicant should ensure that he / she fulfills the eligibility and other norms mentioned above, as on the specified dates and that the particulars furnished are correct in all respects. In case it is detected at any stage of recruitment that a candidate does not fulfill the eligibility norms and / or that he / she has furnished any incorrect / false information or has suppressed any material fact(s), his/her candidature will stand automatically cancelled. If any of the above shortcoming(s) is / are detected even after appointment his / her services are liable to be terminated without any notice.
7. The mere fact that a candidate has submitted application against the advertisement and apparently fulfilling the criteria as prescribed in the advertisement would not bestow on him/her the right to be definitely called for interview/ considered further for selection process.
8. Any proceedings in respect of any matter of claim or dispute arising out of this advertisement and / or an application in response thereto can be instituted only in Delhi and courts / tribunals / forums at Delhi only shall have sole and exclusive jurisdiction to try any such cause / dispute.
9. In case any ambiguity/dispute arises on account of interpretation in versions other than English, the English Version will prevail.

HOW TO APPLY

Interested candidates should log on to our website www.ntpcareers.net for applying. No other means/ mode of application shall be accepted. Candidates are required to possess a valid email ID. NTPC will not be responsible for bouncing back of any email sent to the candidates. **There is no application fee for any post.**

After applying online, candidate is required to download the registration slip generated by the system with unique registration number. Copy of registration slip may be retained by the candidate for future reference. No document is required to send to us by post.

It is mandatory that eligible candidates go through the full text of the advertisement and agree to all the conditions given, while applying for the post.

GENERAL INSTRUCTION

1. All part of the application to be filled by the candidate in their own hand by blue ball point pen only.
2. Before applying for the post, the candidates should ensure that he fulfils the eligibility and other criteria. Recruitment authorities would be free to reject application not fulfilling the requisite criteria, at any stage of recruitment and if erroneously appointed, such candidates shall be liable to termination from service if appointed.
3. No **(NO)** application will be accepted in person by hand or through any representative. The application must be posted to the addressee only under **REGISTERED/ SPEED POST**. Application posted through Normal Post & Courier etc will not **(WILL NOT)** be accepted. The unit will not **(WILL NOT)** be responsible for any kind of postal delay either in receipt of application or in dispatch of acknowledgement cards. Two applications will not **(WILL NOT)** be accepted in a single envelope.
4. No **(NO)** travelling allowance will be admissible for the test. Candidates will make their own boarding/lodging arrangement for test. The Govt or the unit detailed to conduct the tests will not be responsible to pay any damages in case of injury/death of candidate during various test.
5. Date, time & place of test will be mentioned in the Admit Card. No separate letter except Admit Card will be issued. At the time of test the candidates should be in possession of original stamped Admit Card sent by this unit, all **ORIGINAL** certificates in support of age, educational qualification, experience, caste and registration certificate from their local Employment Exchange names already registered with them. Individuals who are not in possession of Admit Card or original certificates will not be entertained.
6. Application which is incomplete, incorrect, wrongly filled, without signature, without photograph, photo with wearing cap and goggles/coloured glasses, or without enclosing attested copies of photograph / documents by serving Group A/ B Gazetted Officer or equivalent if applicant is found under / over age on last date of receipt of application will be rejected on the spot without any reasons/notice. Application can also be rejected by any other reason as observed by the Board of Officers.
7. Candidates living with more than one spouse or married another spouse while the first spouse is alive are not eligible to apply, if such case(s) comes to light at any stage of recruitment or post appointment stage the appointing authority will terminate the appointment.
8. Candidates already employed in Centre/State Govt offices/PSU should submit their application through proper channel duly submitting service certificate and **'No Objection Certificate'** from the employer.
9. The number of candidates to be called for written test will be restricted to ten times of the numbers of vacancies. A bench mark percentage will be fixed for the same depending on the number of applicants. Since the applications may be short-listed, mere fulfilment of essential qualifications and experience does not vest any right in a candidate for being called for written/physical test. All applications received will be scrutinized/screened and Selection Board/Board of Officers(s) so detailed will organize a written test, physical & practical test. The Selection Board / Board of Officers reserves the right to call for Test only screened-in candidates and will not entertain any correspondence in this regards.
10. A select panel equal to the number of vacancies notified and based on the performance of candidates in written test will be drawn up. All the candidates on the select panel will be offered an appointment subject to medical fitness test, Police verification, Education and Caste certificate verification before actual appointments. The reserve panel will be operated strictly as per merit only in case a candidate from the select panel refuses appointment or is disqualified. The reserve panel will not be operated for any subsequent recruitment i.e. additional vacancies in the same year or next year.
11. Candidate who apply against OBC category shall attach and produce "Other Backward Class" certificate applicable for Central Government service and not the "Backward Class" Certificate duly signed by the appropriate authority.
12. The Appointing Authority or the Officer nominated by him reserves the right to withdraw the vacancies and terminate the appointment during the period of probation without assigning any reasons.
13. Medium of writing in application form and test etc will be in Hindi / English only.
14. The date of publication of advertisement will be the first day towards the accounting of number of days for submission of applications.
15. The recruitment process can be cancelled/suspended/postponed without assigning any specific reasons. The decision of Appointing Authority will be final and no (NO) appeal will be entertained. Recruitment will be carried out as per latest amendments and all prevailing Government Rules and Regulations.

GETTING READY ...

Continued from page 1

section is involved in backoffice activities, general or remote administration etc.

There are separate examinations for RRBs and PSBs under the aegis of IBPS. Again the selection process for both clerks and officers is segregated for both set of the above banks. Please note that selection test for State Bank of India is conducted separately.

In RRBs clerical positions come under group 'B' with nomenclature of 'office assistant-multi-purpose'. The eligibility criteria for both clerks and officers is bachelor's degree in any discipline and proficiency in local language as prescribed by the participating RRB/s. Working knowledge of computer is desirable. In case of officers position in RRBs, those having a degree in Agriculture/ Pisciculture/ Agricultural marketing and cooperation/Animal husbandry/ Forestry/Veterinary science/ Horticulture/Agricultural marketing/ Agricultural engineering/ Accountancy/ Law/Management or information technology.

The recruitment examination is divided into preliminary and main examination both for clerks and officers. Preliminary examination for clerks have questions from reasoning and numerical ability. For officers it is reasoning and quantitative aptitude. In all 80 questions are to be attempted in composite time of 45 minutes.

The main examination for clerks contain questions relating to reasoning, numerical ability, general awareness, English and Hindi language and computer knowledge. For officers the section of numerical ability is replaced by quantitative aptitude.

For public sector banks the preliminary examination for clerical positions is conducted with questions in English language, numerical ability and reasoning ability and the main examination consists of general/ financial awareness, general English, reasoning ability and computer aptitude. Number of questions in preliminary examination is 100 with a time of 1 hour. In main examination 190 questions are to be answered in 160 minutes.

For officers posts in public sector banks the preliminary examination has three sections of English language, quantitative aptitude and reasoning ability. The main examination is in reasoning and computer aptitude, general/ economy/ banking awareness, English language, data analysis and interpretation.

Tests may have similar name but structure and difficulty level

of question may vary depending on the position for which the exam is conducted and whether it is a preliminary or main examination.

The tests are conducted online. So you will be answering the questions on a computer at the examination centre.

Only those who qualify in preliminary examination are intimated to appear in the main examination. The candidate has to secure minimum marks in each segment. The cumulative score has to be higher to stand in merit list. In case of officers, for successful candidates in main examination, there is an interview. For clerical positions there is no interview, as per government guidelines issued about two years ago.

Test details and strategy for preparation

Reasoning: Reasoning questions are mainly about common sense and logical thinking. The idea is to test candidates' analytical and logical reasoning skills. You will be asked to interpret statements, data and information to arrive at conclusions. Here your conceptual and theoretical knowledge have no role to play. The thinking has to concentrate on the question only. You should make sure that your biases or personal beliefs don't come in between and are kept aside.

Questions relating to reasoning are in different forms such as arrangements, critical reasoning, visual reasoning, data sufficiency/in sufficiency, syllogism, odd man out, completing the series, sequential output tracking, etc.

Numerical ability: How to make sense of numbers is the key theme in the questions pertaining to numerical ability. You may expect simple arithmetical problems and complicated calculations under this section. Areas of expected questions are simplification; average; percentage, time, speed and distance, number series; profit and loss, simple and compound interest; ratio and proportion, time and work etc.

To prepare for this section you have to revisit your maths syllabus of matric i.e. 10th standard. Recall the formulae and clarify your concepts of BODMAS etc. Strong foundation in mathematics will be of immense help here. With some efforts you can score very well in this section, increasing your overall score which is crucial to put you in merit list.

Quantitative aptitude: Quantitative aptitude covers numerical ability and focuses upon solving quantitative problems. Based on the given data/inputs you'll be required to find the correct answer. There

may be a few questions for which sufficient data wouldn't be there to answer. Once you're sure about this, you should choose the option conveying this. The syllabus includes the topics narrated under numerical ability above. Add to this questions on topics like partnerships, boats and streams, volume and surface area, price after discount, age, mixture, train etc. Expect more of descriptive problems here.

Try to familiarize yourself with all sorts of questions expected in this section and learn to solve these methodically. You may have good understanding of theories behind the questions but more important is to apply those theories in solving lot of questions so that you get a knack of these.

General awareness: This section intends to test your knowledge about important facts and milestones about India and the world. Questions may relate to History (important dates/ milestones etc.), Geography (countries, capitals, cities, mountains, rivers etc.), Science (inventions, inventors, definitions etc.), Literature (books/authors), Art, Entertainment (film/theatre etc.), Sports (tournaments, championships, records, winners, venues etc.), important personalities, important events, international bodies, acronyms and other topics.

Like it is always said general awareness has no boundaries and thus it appears to be difficult to be fully prepared for this. Still it is advisable to make your preparation as extensive as possible. To do well in this section you may build your own reference source in form of a diary.

Financial awareness: Banking and finance are closely related. This section will have questions related to national and global economy, financial institutions, corporate world, stock market etc. To prepare for this section you have to focus on concepts as well as financial data. For example you need to know what is inflation and what has been the inflation rate recently. You may refer to one or more financial newspaper to prepare well.

Banking awareness: This particular section will have questions from banking world relating to different types of banks (public, private, cooperative, payment, development, small), banking regulator, basic/generic banking products and services, purpose of bank nationalization, bank mergers, issues and challenges before banks, government schemes implemented through banks, Micro, Small and Medium enterprises, bancassurance,

monetary policy etc. Government policy announcements, financial inclusion, financial literacy, role of NABARD/SIDBI etc. Visit Reserve Bank of India website to obtain valuable input about most of the above.

English / Hindi language: There are many similarities in the pattern of questions in language papers. One set of questions may be based on comprehension passage. You have to read the passage carefully and then answer the questions according to what is stated in the passage which may be different from general opinion and observations. Some of the questions may be in negative form. (e.g. according to the passage which is not the right solution for _____. In sentence based questions a sentence will be divided in four parts and you'll be required to find if there is any mistake in a particular part. If there are no mistakes, you've to mark your answer accordingly. Where jumbled sentences of a paragraph are given the candidate has to find the correct order. In another type of question a statement will be made and you have to choose from options the statement which matches with the idea. Questions where you've to provide correct antonym/synonym, may also be there along with questions relating to idioms and phrases. Fill in the blanks from given options may also need to be attempted.

For officers, in the main examination there is a section of Subjective English of 25 marks in which there would be two questions - one of essay writing and other of letter writing. It would be better if you choose few themes to practice for this section. Review the letter and essay written by you to see where improvements are needed. Also show these a couple of other people who can give you constructive feedback. Go through sample essays and letters in a good book on General English.

Start reading national newspapers, magazines, if you're not already in habit of this. There will be some new words. Find out their meaning and see how these words have been used. You may also explore synonyms and antonyms of these words. Your mind should also be on sentence formation and on sequencing of the statements in case of long sentences.

Increasing your knowledge of English by learning new words will help you. Every day choose 5-10 unfamiliar words from dictionary or other sources, write their meanings and refer to these

whenever you get time. In this way, you may learn lot many new words.

For RRBs, candidates have option to choose either Hindi or English in the main examination.

Computer knowledge : This test has been added a few years ago. Today's banking widely uses computer applications and programmes. As such candidates joining banks are expected to have at least some affinity with computers. Questions under this section may relate to hardware basics (input, output, storage devices), Windows programme (MS Office etc.) features, software and desktop applications, keyboard shortcuts, internet, intranet, networking, database, cyber security etc.

You may have practical knowledge of computers and internet which of course would help. However you need to make additional preparation for which you should refer to glossary of Windows, internet and computer applications etc. Learn about shortcut keys. Also it's advisable to go through Help/Support page of Windows.

This computer test is not to check your technical expertise, rather your awareness about basic computer usage is judged.

Data Interpretation: In this section usually a situation full of data is given. The candidate is required to read the situation closely and then answer all the questions related to it. For one situation there may be 2 to 10 questions. Here the biggest challenge is to read and understand the situation right. Then the possibility of giving correct answer increases. The situation may be in form of text, tables, pie charts, bar graphs, line graphs etc. So you should be ready to see questions from multiple forms of situations.

as a fixed capital. For Schumacher, this apathy towards nature and exclusion of environmental cost from development activities have led to an unsustainable economic order. Schumacher writes:

The arising of this error, so egregious and so firmly rooted is closely connected with the philosophical, not to say religious, changes during the last three or four centuries in man's attitude to nature...Modern man does not experience himself as a part of nature but as an outside force destined to dominate and conquer it. He even talks of a battle with nature..."

In the light of Paris 1910, Gandhi and Schumacher, one feels impelled to ask the following question: how many calamities would it take for us to rethink our notions of progress? Would we ever heed those warnings which nature sends our way, time and again? What are those philosophical and/or religious changes which have produced this culture of indifference towards nature? Was there ever such a time in human history when nature was more than a passive resource, fit only for plunder?

Environment in ancient Indian thought

Here, it may be worthwhile to inquire into the environmental ethics in ancient India. Through the story of king Prithu, after whom the earth assumes her name prithvi, Vishnu Puran postulates the classical Indian view on human ecology. Prithu succeeded king Vena, whose tyrannical regime had forced the earth to scamper away in the form of a cow. Following Vena's death by curse, the sages anointed the yagna-begotten Prithu as his successor and instructed him to end the miseries of his people by capturing the fleeing cow-shaped earth. Prithu had a choice: subdue earth through the use of brute force or placate her into bestowing her bounty. He chose the latter. The wise king promised to be the earth's protector and produced a calf for the restitution of her maternal instincts. Upon seeing the calf, the earth became overwhelmed with affection and in the form of her milk, provided grains, cereals and other sources of nourishment necessary for the sustenance of human society. It is said that before Prithu, there

was no agriculture, pasture or commerce. Through his promise of empathetic guardianship, Prithu became the fountain head of civilisation. In other words, human civilisation is predicated upon a tender bond of mutual trust which the sons of Prithu are expected to uphold. As long as men honour Prithu's promise to prithvi, they are sure to enjoy her riches. To the Vedic people, it was this child-mother/nourisher-nourished/protector-protected analogy which provided the defining framework for all engagements with nature. After all, as has been pointed out in Athrvaveda, earth is the mother and we are her sons (mata bumih, putroham prithivya).

In ancient Indian thought, all transactions with environment were circumscribed by the twin imperatives of balance and man's embeddedness in nature. While the Rigveda argues that apart from sun, rivers and forests, man's environment is also constituted by animals; both wild and domestic, the famous verses of Shukla Yajurveda make a passionate plea for harmony and balance among all the elements of this ecosystem. It was expected of man to observe great restraint in every exchange with nature, lest this delicate balance might get disturbed forever. Even in instructive treatises meant for edification of children or those dealing with intricacies of statecraft, protocols of man's engagement with environment were reiterated. Kautilya's Arthshastra and Yagnvalka Samhita provide an exhaustive itinerary of punitive measures which human acts of aggression towards nature must attract. In a similar vein, the readers of Panchatantra are asked the oft-quoted rhetorical question "if one hopes to reach heaven by cutting trees and by slaughtering animals, what is the way to hell?" The same is also true of several Pali Buddhist texts.

Commenting on the environmental ethics in ancient Indian literature, noted Sanskrit scholar and translator Aditya Narayan Dhairyasheel Haskar points out that ancient Indian literature displays a precise knowledge and exhaustive understanding of natural phenomenon, of beasts, birds and vegetation. Furthermore, the writers of these texts exhibit a deep sympathy not only for the animal and the plant kingdom, but for every element of man's environment.

People in ancient India were primarily agriculturists, and to some extent, hunters and gatherers too. For these reasons, they were bound to possess penetrative knowledge of the ecosystem. However, what really stands out is the idiom in which their wisdom was exercised and preserved for posterity. The all-embracing philosophy of "vasudhaiv kutumbkam" or the entire earth is a family led to a culture wherein trees, animals and sons could be

mentioned in the same breath, and perceived interchangeably. In Vrksayurveda it is argued that planting a tree is as fruitful as begetting ten sons. The Buddhist scriptures tell us that harming a tree is as grave a sin as harming a friend. This belief system, in which nature is projected as an intimate member of an extended family, precipitated an ethics of consumption which was not exploitative, but recuperative and regenerative. It is indeed this philosophical and quasi-religious world view whose erosion has led to progressive distancing of man from nature, and is bemoaned by Schumacher in his aforementioned book.

If this were a problem linked only to the reckless progress of science, technology and urbanisation, one could have easily addressed it by devising new paradigms of development. But this is much more than that. It is a problem of discourse, narrative and perception too. The present environmental crisis is linked to the way people feel, read, hear and talk about nature. How best to talk, describe or debate environment? Do we have a template which might harmonise discursive imperatives of environmental preservation with sustainable development goals, without compromising the 'needs' of the burgeoning global population.

Gandhian Alternatives

The answer to several of the aforementioned questions come to rest with Gandhi ji. It does not surprise us when we see Gandhi's image embossed on the cover of Perennial Library edition of Schumacher's book. In his life and in his writings, one witness a residual ancient Indian environmental ethics; a bond which operates not only at the level of use-value and inter-dependency for existential reasons, but operates at the level of affect too. This may be illustrated by an article in Navjivan where Gandhi describes his experience of visiting Uttarakhand in 1929. According to Gandhi:

But for the Himalayas, there would be no Ganga, Jamuna, Brahmaputra and Indus; if the Himalayas were not there, there would be no rainfall and these rivers would not be there, and without rainfall India would become a desert like Sahara. Our far-sighted ancestors who knew this and who were always grateful to God for the gifts that were bestowed on them turned the Himalayas in a place of pilgrimage.

Commenting on Gandhi's Uttarakhand visit, P.C Joshi points out that while on the

one hand Gandhi was besotted by the serene solitude which the Himalayas accorded, on the other hand, he was uniquely conscious of its great benefits to India. Joshi argues that no other contemporary political leader or even scientists had the perspicacity to link the Himalayan environment with the well-being of India as a whole. However, what Joshi overlooks is Gandhi's tacit valorisation of the sacred ethos which has, since time immortal, characterised India's relationship with the Himalayas. This quasi-religious framework, which not only invokes a moral response towards environment, but supports human ecology as well, seems to return with Gandhi.

Through integration of manual labour, gardening, agriculture, crafts and nature-centric learning, Gandhi demonstrated a way of life which was self-reliant. This has generated much interest in recent decades and serious attempts have been made to understand Gandhi's critique of modern development paradigms. In Mahatma Gandhi: An Apostle of Applied Human Ecology(1996) T N Khoshoo argues that through experiments such as Tolstoy farm, Phoenix farm and Sabarmati Ashram, Gandhi had successfully demonstrated that it was possible for each member of the society to thrive in complete harmony with nature. In Vivek Pinto's Gandhi's Vision and Values: a Moral Quest for Change in Indian Agriculture (1998), the possibility of establishing a poverty-free, self-reliant community on the basis of principles enshrined in Hind Swaraj is contrasted with the perils of planned agricultural development. The centrality of the 'local' instead of an overbearing 'centre' is what makes both Gandhian ecology and economy sustainable. This local, in turn, is propelled by quasi-religious and sacred structures of seeing and experiencing the ecosystem.

Conclusion

Efforts to reactivate man's scared engagement with nature by promoting local riverine festival has yielded results. The example of Ahirouli, a densely populated village situated on the bank of Ganga in Buxar district of Bihar, may be a case in point. In the village, the whole gamut of commercial activities, from fishing to farming, are centred on the river. Yet, for years, pollution and garbage piles on the riverbank had been on the rise. However, ever since the panchayat decided to celebrate Ganga Dussehra, cleanliness along the bank has improved remarkably. Although drive against open defecation through construction of government-aided toilets has also played a decisive role, but emotional engagement with the river, heightened through annual festivities, has brought about the real turnaround in the way people 'see' their 'mother' Ganga. It must be emphasised that isn't a proposition against science and technology. This is simply a plea to engage local populace in conservation activities by making them trustees of their ecosystem. And could there be a better way to do so than reviving cottage industry and local festivals.

Aichi Biodiversity Targets

Aichi Biodiversity Targets were adopted during the tenth meeting of the Conference of the Parties to the Convention on Biological Diversity in Nagoya, Japan, in October 2010. The Targets provide an innovative and visionary approach that integrates biodiversity with social and economic drivers at the heart of the problem, and thus the key to the solution. Five strategic goals and twenty ambitious targets, collectively known as the Aichi Biodiversity Targets have been adopted by the Parties to the Convention on Biological Diversity as part of the Strategic Plan for Biodiversity 2011-2020

Strategic Goal A: Address the underlying causes of biodiversity loss by mainstreaming biodiversity across government and society

Strategic Goal B: Reduce the direct pressures on biodiversity and promote sustainable use

Strategic Goal C: To improve the status of biodiversity by safeguarding ecosystems, species and genetic diversity

Strategic Goal D: Enhance the benefits to all from biodiversity and ecosystem services

Strategic Goal E: Enhance implementation through participatory planning, knowledge management and capacity building

Strategic Goal A: Address the underlying causes of biodiversity loss by mainstreaming biodiversity across government and society

Target 1

By 2020, at the latest, people are aware of the values of biodiversity and the steps they can take to conserve and use it sustainably.

Target 2

By 2020, at the latest, biodiversity values have been integrated into national and local development and poverty reduction strategies and planning processes and are being incorporated into national accounting, as appropriate, and reporting systems.

Target 3

By 2020, at the latest, incentives, including subsidies, harmful to biodiversity are eliminated, phased out or reformed in order to minimize or

avoid negative impacts, and positive incentives for the conservation and sustainable use of biodiversity are developed and applied, consistent and in harmony with the Convention and other relevant international obligations, taking into account national socio economic conditions.

Target 4

By 2020, at the latest, Governments, business and stakeholders at all levels have taken steps to achieve or have implemented plans for sustainable production and consumption and have kept the impacts of use of natural resources well within safe ecological limits.

Strategic Goal B: Reduce the direct pressures on biodiversity and promote sustainable use

Target 5

By 2020, the rate of loss of all natural habitats, including forests, is at least halved and where feasible brought close to zero, and degradation and fragmentation is significantly reduced.

Target 6

By 2020 all fish and invertebrate stocks and aquatic plants are managed and harvested sustainably, legally and applying ecosystem based approaches, so that overfishing is avoided, recovery plans and measures are in place for all depleted species, fisheries have no significant adverse impacts on threatened species and vulnerable ecosystems and the impacts of fisheries on stocks, species and ecosystems are within safe ecological limits.

Target 7

By 2020 areas under agriculture, aquaculture and forestry are managed sustainably, ensuring conservation of biodiversity.

Target 8

By 2020, pollution, including from excess nutrients, has been brought to levels that are not detrimental to ecosystem function and biodiversity.

Target 9

By 2020, invasive alien species and pathways are identified and prioritized, priority species are controlled or eradicated, and measures are in place to manage pathways to prevent their introduction and establishment.

Target 10 www.Jobriya.com

By 2015, the multiple

anthropogenic pressures on coral reefs, and other vulnerable ecosystems impacted by climate change or ocean acidification are minimized, so as to maintain their integrity and functioning.

Strategic Goal C: To improve the status of biodiversity by safeguarding ecosystems, species and genetic diversity

Target 11

By 2020, at least 17 per cent of terrestrial and inland water, and 10 per cent of coastal and marine

Target 14

By 2020, ecosystems that provide essential services, including services related to water, and contribute to health, livelihoods and well-being, are restored and safeguarded, taking into account the needs of women, indigenous and local communities, and the poor and vulnerable.

Target 15

By 2020, ecosystem resilience and the contribution of biodiversity

conservation and sustainable use of biodiversity, and their customary use of biological resources, are respected, subject to national legislation and relevant international obligations, and fully integrated and reflected in the implementation of the Convention with the full and effective participation of indigenous and local communities, at all relevant levels.

Target 19

By 2020, knowledge, the science base and technologies relating to biodiversity, its values, functioning, status and trends, and the consequences of its loss, are improved, widely shared and transferred, and applied.

Target 20

By 2020, at the latest, the mobilization of financial resources for effectively implementing the Strategic Plan for Biodiversity 2011-2020 from all sources, and in accordance with the consolidated and agreed process in the Strategy for Resource Mobilization, should increase substantially from the current levels. This target will be subject to changes contingent to resource needs assessments to be developed and reported by Parties.

Global Biodiversity Outlook (GBO)

Global Biodiversity Outlook (GBO) is a periodic report on the latest status and trends of biodiversity across the globe. It is published by the Convention on Biological Diversity. There have been four editions of the Global Biodiversity Outlook and the fifth edition will be launched in May 2020. Its fourth and the latest edition was released during the 12th Meeting of the Conference of the Parties to the Convention on Biological Diversity (COP 12) in Pyeongchang, Korea in October, 2014. The report draws on various sources of information to provide a mid-term assessment of progress towards the implementation of the Strategic Plan for Biodiversity, discussed during COP-12.

areas, especially areas of particular importance for biodiversity and ecosystem services, are conserved through effectively and equitably managed, ecologically representative and well connected systems of protected areas and other effective area-based conservation measures, and integrated into the wider landscapes and seascapes.

Target 12

By 2020 the extinction of known threatened species has been prevented and their conservation status, particularly of those most in decline, has been improved and sustained.

Target 13

By 2020, the genetic diversity of cultivated plants and farmed and domesticated animals and of wild relatives, including other socio-economically as well as culturally valuable species, is maintained, and strategies have been developed and implemented for minimizing genetic erosion and safeguarding their genetic diversity.

Strategic Goal D: Enhance the benefits to all from biodiversity and ecosystem services

to carbon stocks has been enhanced, through conservation and restoration, including restoration of at least 15 per cent of degraded ecosystems, thereby contributing to climate change mitigation and adaptation and to combating desertification.

Target 16

By 2015, the Nagoya Protocol on Access to Genetic Resources and the Fair and Equitable Sharing of Benefits Arising from their Utilization is in force and operational, consistent with national legislation.

Strategic Goal E: Enhance implementation through participatory planning, knowledge management and capacity building

Target 17

By 2015 each Party has developed, adopted as a policy instrument, and has commenced implementing an effective, participatory and updated national biodiversity strategy and action plan.

Target 18

By 2020, the traditional knowledge, innovations and practices of indigenous and local communities relevant for the

BIMSTEC ...

Continued from page 2

2030 for Sustainable Development.

They also underlined the importance of multidimensional connectivity, which promotes synergy among connectivity frameworks in the region, as a key enabler to economic integration for shared prosperity.

The members deplored terrorist attacks in all parts of the world including in BIMSTEC countries and strongly condemned terrorism in all its forms and manifestations wherever and by whomsoever committed, stressing that there can be no justification whatsoever for any act of terrorism.

"Affirm that the fight against

terrorism should target not only terrorists, terror organizations and networks but also identify and hold accountable States and non-State entities that encourage, support or finance terrorism, provide sanctuaries to terrorists and terror groups and falsely extol their virtues. Reiterate our strong commitment to combat terrorism and call upon all countries to devise a comprehensive approach in this regard which should include preventing financing of terrorists and terrorist actions from territories under their control, blocking recruitment and cross-border movement of terrorists, countering radicalisation, countering misuse of internet for purposes of terrorism and dismantling terrorist safe havens," the summit declaration

said.

In this regard, the members said they look forward to the signing of the BIMSTEC Convention on Mutual Legal Assistance in Criminal Matters and called upon for its early ratification. They expressed satisfaction that many member states have ratified the BIMSTEC Convention on Cooperation in Combating International Terrorism, Transnational Organised Crime and Illicit Drug Trafficking.

BIMSTEC cooperation under Counter-Terrorism and Transnational Crime has been divided into four sub-groups with lead shepherds - Intelligence Sharing (Sri Lanka); Combating Financing of Terrorism (Thailand), Legal and Law Enforcement Issues (India) and

Prevention of Illicit Trafficking in Narcotics Drugs, Psychotropic Substances and Precursors (Myanmar).

The Ministry of External Affairs hosted fifth sub-group on Legal & Law enforcement issues in January 2013 in New Delhi where draft Convention on Mutual Legal Assistance in Criminal Matters was finalised. The members signed 'BIMSTEC Convention on Combating International Terrorism, Transnational Organised Crime and Illicit Drug Trafficking' in December 2009. India has ratified it.

BIMSTEC aims to be a dynamic, effective and result-oriented regional organisation for promoting a peaceful, prosperous and sustainable Bay of Bengal Region through

meaningful cooperation and deeper integration. For this, a fair, just, rule-based, equitable and transparent international order and reaffirming faith in the multilateralism with the United Nations at the centre and the rule-based international trading system is the key.

I&B MINISTRY INSTITUTES INTERNATIONAL YOGA DIWAS MEDIA SAMMAN

www.Jobriya.com

Minister for Information and Broadcasting, Shri Prakash Javadekar has said the practice and propagation of Yoga has led to "Healthy life, Healthy living, Wellness and Prevention of Disease" Yoga is one of India's gifts to the world and has become the mantra of New India under the leadership of Prime Minister, Shri Narendra Modi, Yoga has been universally acknowledged by the United Nations and is now practiced globally around 200 countries on 21st June every year.

Acknowledging the positive role & responsibility of media

in disseminating the outreach of Yoga in India and abroad, the Minister said the Ministry of I&B has instituted the First Antarrashtriya Yoga Diwas Media Samman (AYDMS) from this year to mark the contribution of media in spreading the message of Yoga. The Samman to be conferred on Media Houses would be given under the following categories:

♦ Antarrashtriya Yoga Diwas Media Samman (AYDMS) to be conferred to Media Houses engaged in Print Media, Electronic and (Television & Radio).

- ♦ Thirty Three (33) Sammans under Three (3) categories will be conferred.
- ♦ Eleven Sammans to be conferred in 22 Indian languages and English under category "Best Media Coverage of Yoga in Newspapers.

- ♦ Eleven Sammans to be conferred in 22 Indian languages and English under category "Best Media Coverage of Yoga in Television.
- ♦ Eleven Sammans to be conferred in 22 Indian languages and English under category "Best Media Coverage of Yoga in Radio.
- ♦ The Samman will comprise of a special medal/plaque/trophy and a citation.
- ♦ The duration of the coverage for AYDMS would be from 10th June to

25th June, 2019.

- ♦ The contribution of Media in popularising of Yoga would be assessed by 6 Juries.
- ♦ Honors will be announced and Antarrashtriya Yoga Diwas Media Samman (AYDMS) ceremony will be held at a convenient date to be decided later. Tentatively the award ceremony will be held in July, 2019.

During the Minister's interaction, Shri Amit Khare, Secretary (I&B) and Senior Officials were also present.

-PIB

CLEAR GOALS AND DETERMINATION ARE KEY TO SUCCESS: CHHAVI BANSAL

Priya Jindal

Chhavi Bansal - who has secured Rank 2 in Delhi Judicial service Exam 2018 - shared her strategy with readers of **Employment News**. Delhi Judicial Service Exam is conducted by Delhi High Court. Chhavi has achieved this feat in her first attempt. In this interview we have tried to cover her strategy, exam pattern and other topics that could be very useful to the aspirants preparing for Judicial Services Exam in general and Delhi Judicial Service Exam in particular.

Welcome Chhavi! First of all, many congratulations to you for your success. Please tell us something about yourself.

1. Were you confident of your success with top rank and how did you react to this news?

Chhavi: Due to the very nature of competitive exams, the result was a little unexpected, but it was a very pleasant surprise. It was more so in my case because it was my first attempt, and I felt that I did not get a lot of time to prepare for the exam.

2. How did you enter the world of law, who inspired you to go for judicial services.

Chhavi: I got admission in law right after my school (5 year course from IP University, Delhi). During the tenure, I had the opportunity to visit courts many times, and to interact with judicial officers. Meeting them motivated me to be a part of this esteemed service.

3. When did you start your preparations for judicial services and Delhi Judicial Service? What was your overall preparation strategy? Did you take any help from coaching?

Chhavi: I did not take any coaching. Since I had a family background in law, my parents were my guides. My preparation for DJS specifically began in November 2018. The overall strategy was to clear one obstacle at a time- prelims, then mains, then interview. For prelims, my focus was on attaining conceptual clarity of the law by studying the Bare Acts in detail. I solved and studied the past year papers and other MCQs for the preparation of the prelims. For the mains, I studied law topic-wise and subject-wise. Bare Acts, standard text books and my college notes was what I based most of my preparation on in respect of the mains. For some subjects, I took help of compilations available in the market. For the interview, I brushed up on the Bare Acts and kept myself aware of the legal developments around me.

4. Could you please elaborate more on subject wise strategy like IPC, CrPC, CPC, Evidence Act? Please also tell us about the books that you referred to.

Chhavi: IPC in my opinion was a little easy to prepare, because the crux of it lies in knowing the ingredients of offences, supplemented by landmark case laws. I studied IPC from my notes based on

Pillai and AK Jain.

For CrPC, I referred to portions of Kelkar and AK Jain. For CPC, I read Takwani and AK Jain. For Evidence, I read Avtar Singh and AK Jain.

For the procedural laws, I was slightly selective with my topics as I did not have a lot of time between the prelims and mains. Thus, for mains, I skipped the topics which were directly based off the Bare Act (eg- procedure of trial in different courts).

Success Stories Interviews

5. Which subject is most difficult from your point of view as far as DJS exam is concerned and which are the important topics?

Chhavi: for me, Paper 3 of DJS Mains (Civil Law 1) was the most tedious because its syllabus consisted of 8 laws to be covered. This made the preparation for this paper very strenuous. I studied most of them from the bare Act directly, supplemented by AK Jain.

In order to gauge the importance of topics, a study of the past year papers can be done by the candidates.

The exercise will show which topics are more important than the others.

6. Could you tell us about the magazines, newspaper or any other online resources that you referred to during the preparation?

Chhavi: for the GK portion of both Prelims and Mains, I referred to Pratyogita Darpan magazines. I also read Drishti Current Affairs magazine for the Mains. In addition to it, I browsed through the daily current affairs at insightsonindia.com whenever I used to get time. Further, for the English paper, I googled topics on which potential essays could be written.

7. What was the strategy you adopted for Prelims and Mains?

Chhavi: (discussed above)

8. How did you prepare for the Interview? Did you also opt for Mock Interviews?

Chhavi: I kept myself updated on the current affairs by reading newspapers. In addition to them, I brushed up on my Bare Acts before the interview. I did not take any mock interviews.

9. Time Management is a key factor for any exam. What was your strategy for time management while you were preparing and during the exam?

Chhavi: I had a target of spending a maximum of such minutes on a question as the number of marks it was worth. For instance, I decided to not spend more than 5 minutes on a 5 marker. The law papers were for 200 marks each, meant to be attempted in 3 hours. This

strategy gave me a rough idea about my speed throughout the paper.

10. Were you preparing for other career opportunities as well while preparing for your ultimate goal i.e., Career in Judiciary?

Chhavi: I was practising part time as an advocate.

11. What is the secret of your success as you cleared DJS in your 1st attempt?

Chhavi: in my opinion, I don't think I did anything special that the other candidates do not usually do. However, I can say that I did not compromise on the presentation of my answers in the mains. I preferred writing in points, and giving my answers a structured look: introduction-body-conclusion format. I think this might have helped me in my answers.

12. Any suggestion/ advice you would like to give to the future aspirants.

Chhavi: the best time to begin preparation for this examination is to start on the very day you decide to take such examination in future. Nothing is too early, nothing is too late. For students specially, utilise the time in college by preparing notes. My notes helped me extensively during my preparation.

Thank you very much and wishing you all the best for your future endeavors.

News Digest

National

■ Government has decided to reduce the rate of contribution towards ESI scheme from 6.5% to 4% for the first time in over two decades, a post-poll gift to 3.6 crore employees. The Employees' State Insurance Act 1948 (the ESI Act) provides for medical, cash, maternity, disability and dependent benefits to the Insured Persons under the Act. The ESI Act is administered by Employees' State Insurance Corporation (ESIC). Benefits provided under the ESI Act are funded by the contributions made by the employers and the employees. Under the ESI Act, employers and employees both contribute their shares respectively. The Government of India through Ministry of Labour and Employment decides the rate of contribution under the ESI Act. Presently, the rate of contribution is fixed at 6.5% of the wages with employers' share being 4.75% and employees' share being 1.75%. This rate is in vogue since 01.01.1997.

■ The Indian Air Force confirmed that there are no survivors from the recent crash of AN-32 aircraft. Official sources said the "black box" of the aircraft has been recovered from the crash site and it will help the investigators reconstruct the events leading to the crash. The IAF has already ordered a court of inquiry into the accident. The Russian-origin aircraft went missing on the afternoon of June 3, around 33 minutes after taking off from Jorhat in Assam for Menchuka in Arunachal Pradesh.

■ Farmers will have to contribute Rs. 100 per month under the Pradhan Mantri Kisan Pension Yojana that seeks to provide a minimum fixed monthly pension of Rs. 3,000 on the attainment of 60 years. The central government will also contribute an equal amount to the pension fund to be managed by the LIC, which will be responsible for the pension payout. The government in its first cabinet meeting had approved a separate pension scheme for farmers with an aim to cover 5 crore beneficiaries in the first three years. Discussing the new scheme with state agriculture ministers through a video conference, Union Agriculture Minister Narendra Singh Tomar urged all states and union territories to roll out the programme at the earliest.

International

www.Jobriya.com

■ Prime Minister Narendra Modi has called for the united efforts from the global community to eliminate the terrorism from its root. Addressing the plenary session of SCO Summit at Bishkek in Kyrgyzstan, Mr Modi said that all humanitarian forces should have to unite to counter the terrorism. He said that we should make our society free from terrorism. Prime Minister Modi also called for International conference against terrorism. He said that nations supporting, promoting and funding terrorism should be held responsible and made accountable for their actions. Mr Modi also said that terrorism and drug trafficking should not be seen as a separate menace. Referring to the gruesome terror attack in Sri Lanka, the Prime Minister said that terrorism is taking the lives of innocent people daily. Mr Modi said that peace is the utmost necessary in Afghanistan. Prime Minister Modi emphasised on sharing India's expertise in health care and telemedicine with member countries. He also emphasized on people to people contact and health care services among the member countries. Giving HEALTH formula to members' countries of the SCO, Mr Modi said that multi-lateral trade is the need of the hour. Mr Modi said that India has set up a helpline for the tourist of SCO countries.

■ Prime Minister Narendra Modi held bilateral meetings with Presidents of China and Russia at Kyrgyzstan capital Bishkek. The talks were held on the sidelines of Shanghai Cooperation Organization- SCO summit. In a series of tweets, Prime Minister Modi said, he had a fruitful meeting with Chinese President Xi Jinping. He said, their talks included the full spectrum of India-China relations. The Prime Minister said, the two countries will continue working together to improve economic and cultural ties. In a tweet, External Affairs Ministry spokesperson Raveesh Kumar said, both the leaders discussed all aspects of enriching the bilateral relations between two countries. They recognised the positive role of strategic communication in deepening their partnership. Mr Xi also congratulated Prime Minister Modi on his poll victory. On his meeting with the Russian President, the Prime Minister said, he had a wonderful meeting with Mr Vladimir Putin. He said, various subjects pertaining to India-Russia relations were discussed during the meeting.

■ Bangladesh has unveiled a growth-friendly budget focussed on infrastructure development. Introducing the budget proposal on behalf of the ailing Finance Minister AHM Mustafa Kamal in Dhaka, Prime Minister Sheikh Hasina set a GDP growth rate of 8.2 percent for the current financial year. Prime Minister Sheikh Hasina announced that the poverty rate will be brought down by 10 percent in the next four years through a coordinated approach engaging the private sector to supplement the government's anti-poverty initiatives. The budget envisages creation of jobs for 30 million people by 2030 and attain a double digit GDP growth in four years.

■ The Reserve Bank of India has constituted a six-member committee to review the entire gamut of ATM charges and fees. In a press release, the RBI said, Chief Executive of Indian Banks' Association VG Kannan will chair the committee consisting of senior officers from National Payments Corporation of India, SBI, HDFC Bank, Confederation of ATM Industry and Tata Communications Payment Solutions Limited. The committee will review existing patterns of costs, charges and interchange fees for ATM transactions. It is to submit its report within two months from the date of its first meeting.

■ A UN report said, Foreign Direct Investment to India grew by 6 percent to 42 billion dollars in 2018, with strong inflows in the manufacturing, communication and financial services sectors, and cross-border merger and acquisition activities. The report ranked India among the top 20 host economies for FDI inflows in 2017-18. The World Investment Report 2019, released by the UN Conference on Trade and Development (UNCTAD) said, Foreign Direct Investment inflows to South Asia increased 3.5 percent to 54 billion dollars. The report added that India has historically accounted for 70 to 80 percent of inflows to the subregion. Further, the growth in cross-border Merger & Acquisitions for India to 33 billion dollars in 2018 was primarily due to transactions worth 16 billion dollars in retail trade, which includes e-commerce, and telecommunication.
